STATEMENT OF OBJECTS AND REASONS.

Calcutta, the 20th June 1874.

15

The charters of the late Supreme Courts and the present High Courts provide sufficiently for the appointment of guardians of the persons and estates of European British infants. But these provisions of course can operate only within the respective jurisdictions of those Courts. Act XI of 1861 provides

for the custody and guardianship of minors, and extends to the whole of British India. But it has been decided in the Panjab that that Act does not apply to European British minors, and it apparently does not enable the Court to appoint guardians of such minors' estates.

The object of this Bill is to supply the defect here indicated, a defect which has been brought to light by two cases in the Panjab, and which, with the extension of railways and tea-planting, is likely to be more and more felt, not only in that Province, but in Oudh, the Central Provinces, Assam and British Burma.

The Bill applies to the Panjáb and every other part of British India not subject to the jurisdictions of the High Courts at Fort William, Madras, Bombay and Allahabad. It provides for the appointment and removal of guardians of the person or property of European British minors and declares the chief duties, rights and liabilities (*a*) of guardians of the person, and (*b*) of guardians of property. It then contains provisions as to the termination of the authority of guardians; and it is followed by a schedule containing some forms thought likely to be useful in working the proposed Act.

Clause 3 extends somewhat the power to appoint testamentary guardians conferred by the Indian Succession Act, Section 47, which does not provide for cases in which the father is dead or incapable of consent, and may perhaps be held not to apply where the child is illegitimate. Here, and in some other clauses, the New York Civil Code has been followed.

Clause 12 (as to the ward's religion) embodies the recent ruling of the Judicial Committee in *Skinner* v. *Orde*, 8 Moo. P. C. C. N. S. 276.

Notifications by the Chief Commissioner of Mysore.

GENERAL.

NOTIFICATIONS.

No. 292. *The 13th February* 1874.

The following amended Notification, approved by the Government of India in letter No. 16, R, dated 20th January 1874, is published for general information, in supersession of the Notification No. 108, dated 14th June 1873, published by the Inam Superintendent at page 94 of the *Mysore Gazette* of the 21st idem.

It is hereby notified for general information that, under the orders of the Chief Commissioner, all whole inam villages for which title-deeds were not issued before the 12th October 1872, will be surveyed and valued by the Survey Department previous to the final settlement of the quit-rent leviable on such villages.

2. The Inam Department will register the inam villages situated in the taluks in which [illegible] are in progress, with reference to the information available in the old accounts, and P[illegible]yish Registers, and will fix thereon an *ad-interim* quit-rent on the best existing data, and on those of less than fifty years' standing granted to Devasthanams, &c. T[illegible] so fixed will be payable by the inamdars concerned till the permanent amount i[illegible] surement and valuation of the villages by the Survey Department.

3. If the quit-rent finally fixed under the survey valuation of a whol[illegible] the *ad-interim* quit-rent, the excess paid by the inamdar will be refunded; [illegible] rent exceed the *ad-interim* quit-rent, no payment will be required from [illegible] prior to the final settlement of the amount.

4. In cases in which the enfranchisement of whole inam villages is optional under Clause C of Land Inam Rule VI, the inamdar can, if he pleases, decline immediate enfranchisement with the payment of the *ad-interim* quit-rent imposed by the Inam Superintendent; but, in such event, the ultimate enfranchisement of the holding, on its valuation by the survey being effected, will be conditional on his paying up the quit-rent leviable under such valuation in arrears, with interest at 4 per cent thereon, from the date of the original settlement.

5. At the time of registration, the holders of whole inam villages will be required to state in writing whether they wish to have a detailed survey or not. In the latter case, a less detailed survey will be made, sufficient for gross and net valuation.

6. The execution of a detailed survey, and the introduction of the survey rates into inam villages, is entirely optional with the inamdars. Government does not insist on their adopting them, and their relations with their tenants will not be interfered with.

7. Whole inam villages for which title-deeds have already been issued before the date noted in para 1, will not be surveyed, or their settlement re-opened; except in cases where there is reason to believe that large errors requiring correction have occurred through fraud or misrepresentation, or where it is found impossible to calculate the local fund cesses properly without such survey. Before however this is done, the Chief Commissioner's orders will be obtained in each case.

RESOLUTION.—Under Act X of 1862, any deed, instrument or writing made by or on behalf of Government was under certain conditions exempt from stamp duty. Act X of 1862 was repealed by Act No. XVIII of 1869, which came into operation from 1st January 1870, and the exemption in favor of such instruments was thereby withdrawn. This change in the law appears to have been overlooked in many instances, and deeds executed on behalf of Government in favor of purchasers of waste lands have been executed on unstamped paper.

2. A question having been raised as to the best means of giving validity to documents thus executed, His Excellency the Governor General in Council is pleased to point out that they may be stamped by Collectors in exercise of the powers conferred on them by Section 24, Clause (*a*) of the General Stamp Act XVIII of 1869, on payment of the proper penalty, and that the penalty incurred may be remitted under Section 42 of the Act.

3. The Governor General in Council is accordingly pleased to suggest that the holders of such unstamped documents should be informed by Notification in the various local Gazettes, and, when practicable, by notice served on each of them, that applications to have the documents stamped in the manner above set forth will be received by the Collectors having jurisdiction to a certain date, and that, if applications be not made within the prescribed time, the remission of the penalty imposed will be liable to be refused.

ORDERED, that the foregoing Resolution be communicated to the several Local Governments and Administrations for information and guidance.

Notification by the Chief Commissioner of Coorg.

GENERAL.

NOTIFICATION.

The 11th April 1874.

No. 4.

The following letter with its annexures, received from the Officiating Under-Secretary to the Government of India, Home Department, is published for information and guidance of the officers concerned.

"By Order,"

J. S. F. MACKENZIE,
Offg. Secretary.

From T. J. Chichele Plowden, Esq., Officiating Under-Secretary to the Government of India, To the Chief Commissioner of Coorg, Home Department, Public, No. 28—1052, dated Fort William, the 6th April 1874.

As much delay and inconvenience have recently been entailed by the non-submission of the prescribed tabular statement with proposals for increase to existing establishments, I am desired by His Excellency the Governor General in Council to circulate the orders bearing on the subject, and to express the hope that they will be carefully observed in future.

Financial Resolution No. 1778, dated 8th December 1843, and enclosure.
Financial Resolution No. 588, dated 26th April 1850, and enclosure.
Financial Resolution No. 720, dated 29th May 1871.

Extract from the Proceedings of the Honorable the President of the Council of India in Council in the Financial Department,—No. 1778, under date the 8th December 1843.

READ the following minute by the Right Honorable the Governor General, dated the 8th ultimo, on the subject of the mode of bringing before the Government of India all fresh expenditure requiring its sanction proposed or incurred by the Governments of the subordinate Presidencies:

Minute by the Governor General, dated the 8th November 1843.

We are constantly in the habit of receiving applications from individual officers and Boards and Governments for augmentations of salaries and allowances, for the increase of establishments, for the creation of new offices to be held by covenanted servants and for many other new things, all represented as necessary or very expedient, and many of them perhaps being so, but all involving an increase of public charge.

In each particular case the charge may be small; and, because it is so, it is frequently sanctioned, that new charge alone being at the time taken into view; but together these many small charges form an aggregate charge of great extent, which continually increasing must very seriously affect the result of the financial administration. It is rare indeed that reductions of charge are proposed to us. When we direct a careful revision of establishment and of all charges with a view to reduction, the report is almost uniformly the same that no reduction or a very insignificant reduction can be safely effected.

Thus the diminution of charge, unless when directly made by ourselves, being very small, and the increase of charge continual, the ultimate result, were this course persisted in, must necessarily be very serious financial embarrassment, notwithstanding the present prosperity of the revenue.

The defect in the existing system is that these small new charges are brought before us one by one, and each being small in itself their aggregate amount is not adverted to. Again, they come before us frequently as charges already sanctioned subject to our confirmation, and there is always a disposition not to disturb that which is already done.

Further, we have not brought before us from time to time at one view the result of what we have been doing and of what others have been doing; we see all bit by bit, and have no general knowledge.

In order to apply the necessary reform to this system, which is certainly in practice productive of much public injury, it seems expedient to place a restraint, first upon those by whom new charges are now incurred subject to our confirmation or sanction, and secondly upon ourselves. It seems desirable to prohibit the incurring of any new charge, except in a case of emergency, without our previous sanction; and instead of having the new charges proposed brought before us for decision every week to have every new charge, together with the grounds on which it may be proposed, submitted in the first instance to the Financial Secretary, who should at the end of every month, or of every two or three months, present a tabular statement of all the new charges proposed classed under the heads of the several Departments

and Governments with a column for the reasons supporting each proposition, and another for remarks thereon by the Secretary. An abstract of the increase and diminution of charge in each of the preceding periods from the commencement of each year should be attached, and also a general abstract of such increase and diminution in the preceding year.

To these it would always be right to append the account of the two preceding years and the estimate of the current year of all receipts and charges.

Thus in deciding upon all propositions for adding to the public charge we should have before us the whole state of our finances, and see how far, that being considered, we were at liberty to make the proposed increase even where there might be some apparent benefit to be derived from the measure proposed.

RESOLUTION.—Fully concurring in the above views, the President in Council resolves that measures be immediately taken for concentrating in the Financial Department for periodical submission to the Council of India the whole of the applications from whatever Government or of whatever Department for increase or alteration of salaries or establishments or for fresh expenditure of every description requiring the sanction of the Government of India.

The Resolution of the Government of India, dated 12th January 1842, by which it was rendered incumbent on the Local Governments to submit regularly for sanction or confirmation a monthly statement of proposed additions to establishments is hereby so far superseded that the Governments of Bengal, the North-Western Provinces, Madras and Bombay will be instructed to refrain altogether from authorizing any fresh expenditure whatever having reference to salaries, gratuities or allowance, in anticipation of the sanction of the Government of India, excepting only in cases of the utmost emergency which are forthwith to be specially reported; and in order to secure uniformity of practice, and thereby to simplify detail which Government will be required to forward its application in every Department to the Secretary to the Government of India of the Department concerned monthly on the 1st of each month, drawn out in or accompanied by the same form (Form A hereunto annexed), it shall be incumbent on the Secretary to the Government of India, on the receipt of these applications, to record on the form accompanying them any observations his experience may suggest, and, without placing them before the Council of India, to forward them forthwith, accompanied by such documents on record in his office as may serve to elucidate the questions they comprise, to the Financial Department whence, when the applications from the whole of India shall be collected together, they shall be submitted in a condensed shape for the final orders of the Council of India.

These orders will be communicated immediately to the Department concerned by the return to it of the forms in which they will be entered for re-transmission to the Government whence the applications originated.

It will be the duty of the Secretary to the Government of India in the Financial Department in placing the applications before the Council of India to accompany any remarks he may desire to offer thereon, with an abstract statement of the financial position of the Department of the Government concerned for the previous three years, and a memorandum of the actual increase or decrease of charge sanctioned in the same Department during the course of the current and the preceding year.

The course of proceeding prescribed in regard to application from the subordinate Governments is equally applicable to the several Departments of the Government of India in cases of increase or alteration of charge occurring in respect to salaries or establishments under their immediate control; each Department will be pleased to forward its proposition for increase, decrease or alteration of charge in the same Form A to the Financial Department for submission to the Council of India.

The President in Council desires it to be understood that the system now laid down is to be observed in regard to all fresh expenditure or alteration of expenditure, whether permanent or temporary, having reference to salaries, gratuities and allowances,—all expenditure in short of whatever presidency or branch of the public service requiring the sanction of the Government of India.

Section 59, Act 3 and 4 William IV. Cap. 85.

ORDER.—Ordered, that a copy of the Minute of the Governor General and of this Resolution be transmitted to the several subordinate Governments and to the Departments noted in the margin, with a view to its being carried into effect from the 1st proximo in respect to all expenditure requiring the sanction of the Government of India.

RESOLUTION.

The replies which have been received to Home Department Resolution Nos. 134—143, dated 15th January 1873, have enabled the Government of India to form some estimate of the extent to which officers engaged in Administration are acquainted with the main languages spoken by the people placed under their charge. And it remains to pass orders on the suggestions which have been received from the several Local Governments and Administrations in regard to those less extensive languages with which the officers of Government are not usually conversant, but which it is of much local importance that they should know.

2. The statement appended to this Resolution tabulates the languages which are optional and those which are compulsory in each Province, and explains the additions to either class which Government has now resolved to make. In compulsory languages only two additions are made. These are —Hindi in Oudh and Uriya in Lower Bengal. In Oudh all officers hereafter appointed to the Commission will be required to pass in Hindi as well as in Urdu. And all officers already in the Commission, whose substantive rank is below the second grade of Assistant Commissioners, must pass in Hindi before they obtain further substantive promotion. In Bengal an officer serving in Orissa is, under existing rules, allowed to pass in Uriya instead of in Bengali; but if he has passed his departmental examination, his subsequent transfer to Orissa does not, as the rules now stand, make Uriya compulsory. His Excellency the Governor General in Council is pleased to direct that henceforward no officer who does not already hold the substantive rank of a District Magistrate shall be promoted to that substantive rank in a District of Orissa until he has passed in Uriya. And the same condition as to Bengali will govern the promotion of an officer transferred from Orissa to a Bengali-speaking District. But His Excellency in Council is pleased to exempt from these conditions all officers now of twelve years' standing (from date of commencement of civil service) in Bengal. An officer who passes in Bengali or Uriya as a third compulsory language will be entitled to a reward of rupees 500. But, on the other hand, he shall not be entitled to the reward unless he passes within one year from the date of his becoming liable to pass in the additional compulsory language. A similar reward, upon similar conditions, is sanctioned for passing a third compulsory language in Madras or Bombay.

3. All officers nominated to appointments in the Chief Commissionership of Assam must pass in the Vernacular in common use in that Province; and all officers now serving in the Province who are below the grade of Deputy Commissioner and who have not so passed will be required to do so. The Chief Commissioner will be directed to submit proposals determining the character of the examination, the time and place where it shall be held, &c.

4. For optional languages the Government of India accept, with slight modifications, the proposals made by the several Local Governments. In the Bombay Presidency officers employed in Sind will be entitled to a reward of rupees 1,000 for passing in Beluchi, Persian, Turki or Pashtu. In Madras the orders recently passed (No. 4171, dated 24th October 1872) granting a reward of rupees 1,000 to covenanted civilians serving in Ganjam or Vizagapatam who should pass in Uriya, are now applied to all military officers in civil employ in those districts. And in order to induce officers to acquire a knowledge of the Khond language a reward will be given of rupees 500 to a European and of rupees 250 to a Native official who can pass a successful colloquial examination in that language. In Bengal the Lieutenant-Governor will be asked in communication with the Chief Commissioner of Assam to throw into groups all the languages, for passing in which His Honor has proposed that a reward should be given, on the plan of collecting together those tribal languages which are separated only by dialectic differences so unimportant, that the mastery of one language is a colloquial key to the whole group. And the Government of India will sanction a prize of rupees 1,000 being granted to any officer who can pass in any one language in each group; provided that he is employed where that language is spoken [that is, spoken either within the district or by the conterminous tribes with whom he has relations], and provided that an effective standard of proficiency and a competent examiner are forthcoming. The prize will be given once only for the whole group. For British Burma the same prize will be given to officers passing in the Karen and Shan languages, and rupees 500 for the Toungthoo language; but here also suitable rules must be made prescribing the nature of the examinations and the degree of proficiency which will entitle the examinee to the reward specified.

5. The orders contained in this Resolution are not intended to affect in any way the rules prescribing the rewards to which junior civilians will be entitled who succeed in passing High Proficiency and Honors Examinations in certain specified languages.

READ.—

Letter No. 16 of 9th April 1874, from Director General of Telegraphs.

OBSERVATIONS.—In this letter the Director General of Telegraphs has brought to notice that certain

Service telegrams were considerably delayed in consequence of their having been tendered for transmission at a Railway Telegraph Office, instead of at the Government Telegraph Office at the same place.

2. The four messages in question occupied 5½ hours in passing over about 120 miles of railway line, and were then transferred to a Government Telegraph Office, and then occupied 1, 13, 26, and 64 minutes in being transmitted to destination, the distances being about 45, 360, 550 and 800 miles, respectively.

3. It may not be generally known that, whereas on Government lines all messages, except "precedence" ones, are sent in order of receipt at the Office, on Railway Telegraph lines messages relating to the business of the Railway have presidence, and that, consequently, messages not relating thereto, whether private or service, are liable to detention; it appears necessary, therefore, to inform all Government Officers that the Railway wires should not be used for the transmission of service messages at any place where there is a Government Telegraph Office, unless there is some special reason therefor, as for instance, if, at a station with only a 3rd Class Government Office, a message has to be despatched after the hour for closing the Government Office.

ORDER.—Ordered, that copies of this Resolution be forwarded to the several Local Governments and Administrations in the Public Works Department for information and guidance, and to the Departments of the Government of India.

Also, that a copy thereof be furnished to the Director General of Telegraphs, for information.

LEAVE AND ALLOWANCES.

Fort William, the 29th May, 1874.

No. 3404.—The Governor General in Council directs that the following be substituted for Rules 2 (*b* and *c*) under Section 28 of the Civil Leave Code:—

2 (*b*).—The applicant must (unless the state of his health absolutely prevent it, or, if he be an applicant for furlough in India, unless the Government to which he is subordinate otherwise permit) present himself with two copies of the statement of his case, either at the presidency town of Bombay before one or more medical officers to be appointed to this duty by the Government of Bombay, or at the seat of the Government under which he is serving before one or more medical officers to be appointed by that Government, and obtain his or their certificate as follows:—We (*or* I) do hereby certify that according to the best of our (*or* my) professional judgment, after careful personal examination of the case we (*or* I) consider the health of C. D. to be such as to render leave of absence for a period of———————— absolutely necessary for his recovery.

If the state of the applicant's health be certified by a covenanted medical officer, or by a medical officer in charge of a civil station, to be such as to make it highly inconvenient for him to repair to the seat of the Government of the province, the local Government may accept a certificate from any two medical officers either covenanted or in charge of civil stations, provided neither of them is the regular medical attendant of the applicant. The certifying officers need not belong to the same province as the applicant.

If an applicant for furlough in India is exempted by a local Government from appearing at the seat of the Government, he should produce a certificate signed by at least two medical officers, either covenanted or in charge of civil stations, provided neither of them is his medical attendant,

(*c*.)—The grant in clause (*b*) of the option of undergoing medical examination at Bombay does not confer on the applicant a right to leave without the sanction of the Government to which he is subordinate.

Notifications by the Chief Commissioner of Mysore.

GENERAL.

NOTIFICATIONS.

No. 91.

The 19th June 1874.

Mr. D. E. Hutchins, Assistant Conservator of Forests, is granted nine days' privilege leave in extension of the one month's examination leave granted him in Notification No. 43 of the 15th May 1874.

No. 92.

The 19th June 1874.

There being reason to apprehend that the benefits provided by the Registration Act are not properly understood, especially by people living at a distance from towns, the Chief Commissioner directs the publication of the following Memo on the subject for general information.

MEMO.

1. It was pointed out in the Chief Commissioner's Notification, dated 17th December 1865, that the main object of the Registration Law was to check perjury and forgery in connection with civil suits, and that under its operation the institution of suits founded on false claims and supported by false witnesses or forged documents, would, as regards immovable property of the value of Rs. 100 and upwards, be rendered almost impossible, as instruments relating to such property could not be received in evidence unless registered.

2. The Act prescribes (Section 49) that *all* documents relating to immovable property of 100 Rs. value and upwards must be registered, and if they are not they can in no way affect such property, and are legally inoperative. This remark applies also to instruments of gift of immovable property of all values, and leases of such property from year to year, or exceeding one year, or reserving a yearly rental.

3. An authority to adopt a son is also invalid and has no force, unless it is registered. In a country where the practice of adoption is common, this provision of the law is very necessary to prove adoption, and is a protection to the parties against the fraudulent disposition of property.

4. Documents relating to immovable property below 100 Rs., and leases not exceeding one year, are not bound to be registered; but if any document relating to such property, of whatever value, has been duly executed but not registered, and if by any means the property referred to in it is disposed of subsequently by another document which *is* registered, the claim to the property on the unregistered document cannot be enforced; because the Act declares that registered documents relating to immovable property even under 100 Rs. in value shall take effect against every unregistered document relating to the same property, and also against any oral agreement or declaration, unless accompanied by delivery of possession.

5. Bonds and receipts for money, agreements, powers of attorney, promissory notes, and all documents relating to movable property of whatever value, may or may not be registered; but such transactions between private persons are made more secure by registration for three reasons:—

1st. The execution of the document and other essential facts are verified by the Registering Officer, and cannot afterwards be easily disputed;

2ndly. The law provides that a registered document (wills excepted) relating to any property, movable or immovable, shall take effect against any oral agreement or declaration not accompanied by delivery of possession; and also against any unregistered document relating to the same property, decrees or orders excepted.

3rdly. Under the provisions of the Limitation Act, a claim on a registered document may be enforced at any time within six years, whereas, if not registered, it must be enforced within three years.

6. If any registered document be lost or destroyed through accident, it can be replaced by a certified copy, which may be obtained from the Registering Officer. This is an important advantage of registration, which concerns not only present holders of property but their heirs or other relatives, who will thus have the means of establishing their rights.

7. The means which the registers afford for searching for documents, the existence of which may be doubtful, is a further advantage of registration. It also gives the owners of immovable property the means of satisfying intending purchasers of their rights, as no document subsequently executed in relation to that property can have any force unless it is registered.

8. The Registry and Sub-Registry Offices are also safe depositories for keeping *wills* as well as other documents of value or importance to the owners, in sealed covers, if thought proper, and they may be withdrawn whenever they are wanted on payment of a small fee.

No. 93. *The 20th June* 1874.

Major A. C. Hay made over, and Colonel J. L. Pearse received, charge of the seals and office of the Nundydroog Division, on the forenoon of the 17th June 1874.

From the Under-Secretary to the Government of India, Foreign Department, To the Chief Commissioner of Mysore, No. 115, R, dated 5th June 1874.

---

1. In acknowledging the receipt of your Officiating Secretary's letter No. 379—11, dated 17th April last, I am directed to state that His Excellency the Viceroy and Governor General in Council confirms the orders issued by you in September 1871, authorizing the Inam Assistants to attach the lands of absent *Inamdars*. His Excellency in Council, however, relies on you that precautions are adopted against a too summary use of the more direct procedure.

GENERAL.—No. 2168—REV. 148, DATED 23RD JUNE 1874.

ORDER THEREON.—Copy of para 1 of the above letter is forwarded to the Inam Commissioner for information and guidance.

2. The Mysore Land Inam Rule XIII and paras 12 and 13 of the Inam Procedure Code, with the necessary alterations made in them as now sanctioned by the Government of India, will be read as follows :—

"When the *inam* has to all intents and purposes been entirely abandoned, there being no acknowledged owner in existence, or, if being in existence, he omits to come forward to claim it, and when the recorded possessor fails after due notice to appear to prove his title, such *inam* will, in the first instance, be placed under attachment by the Assistant Superintendent attached to the Inam Settlement, and after the expiration of one year from the date of the notice will be held to be liable to be fully assessed to the public revenue."

Abandonment and non-appearance of *Inamdars* how to be dealt with.

12. Should any of the *inamdars* neglect to appear either in person or by an authorized agent in compliance with the invitation issued under Rule XIII, a list of such absentees shall be furnished by the Shanbhogs to the Assistant immediately upon his arrival in the taluk, who will thereupon issue individual notices through the Amildar to the absentees, calling upon them to appear in person, or by an authorized agent, with the required information within a period of 15 days, under the penalty provided by Rule 13, *viz.*, the attachment by the Assistant Superintendent of their *inam* lands for default, and the full assessment of the *inam* after the expiration of one year if the default continue. The notice shall be served upon the *inamdar*, or, if his place of residence be not known, upon his representative, or the person in possession of the *inam*, or it shall be posted in the village choultry, or in any other public building, or place in the village in which the *inam* is situated.

13. If the *inamdar* or his agent fail to appear in obedience to this notice, the Assistant will note the same in the register, entering in it all the information that can be obtained regarding the *inam* to enable the Inam Commissioner to dispose of the case. If the information is found to be insufficient for this purpose, the Inam Assistant will attach the *inams* of the absentees, pending their appearance, and submit list of attachment to the Commissioner of the Division, through the Superintendent of Inam Settlements.

Notifications by the Chief Commissioner of Mysore.

GENERAL.

NOTIFICATIONS.

No. 100. *The 30th June* 1874.

The following Bye-Law having been approved by the Chief Commissioner is published for general information :—

No. 2—48.—Persons afflicted with loathsome or infectious disease are prohibited from vending or exposing for sale any articles of food either in the markets or bazars of the Cantonment, under a penalty, on conviction before a Magistrate, to a fine not exceeding one rupee for the first and a like sum for each succeeding offence.

No. 114. *The 24th June* 1874.

The following General Orders by the Government of India are re-published for general information.

The 25th February 1874.

FURLOUGH RULES.—*No.* 171 *of* 1874.—The Furlough Rules of 1868, as revised by various subsequent decisions, are re-published for general information: and in future this General Order shall ordinarily be referred to in any matter depending on those rules. The rules previously in force will be designated, as heretofore, the Furlough Rules of 1796 and 1854.

The following G. G. O. are cancelled prospectively from the 1st January 1875:—
G. G. O. No. 630* of 1869 (1st clause.)
G. G. O. No. 627† of 1870.
G. G. O. No. 613‡ of 1871.

Rules apply to Officers of Staff Corps and Indian Army.

2. These rules are applicable to all officers who, on the 1st July 1868, belonged to the several Indian Staff Corps, or to the Indian Army, and who have elected, or may elect, to adopt them: officers of the British Army who entered the Staff Corps after that date are of course subject to them.

Also to Officers of R. A. and R. E., late of Indian Army, when holding permanent non-regimental appointments.

In regard to the periods of leave of absence during which appointments may be held, and in regard to the increased allowances, they are also applicable to officers of the Royal Artillery and Royal Engineers, late of the Indian Army, holding permanent staff appointments not of a regimental nature, and to such officers of the Engineers of the Imperial Establishment as may be permanently employed on the staff in India.

But should an officer of the British Service, holding such permanent staff appointment, be allowed to proceed on leave under circumstances which, by these rules, would involve loss of appointment, he cannot take leave under them, but simply as a British Officer holding no appointment.

Do not apply to Invalid Officers.

3. These rules are not applicable to officers on the Invalid or Invalid Pension Establishment, even if previous to their transfer they should have elected them, being intended solely for officers on the effective list.

Nor to Regimental Officers of the British Service, even though formerly of Indian Army.

Only partially to Officers of the British Service holding 5-year appointments.

4. They are not applicable to Regimental Officers generally of the British Service, whether formerly belonging to the Indian Army and now in the Royal Artillery, Royal Engineers, and new Line Regiments, or on the old Line Establishment: nor are they applicable to officers of the British Army holding staff appointments the tenure of which is limited to five years, except in the sense in which the Rules of 1854 were made applicable, *viz*, as regulating the amount of absentee allowance to be granted to such officers holding staff appointments, when they are absent on furlough on medical certificate.

Officers of the British Medical Staff are not entitled to this advantage.

Do not apply to Officers of the British Medical Staff.

Apply to R. E. Officers on the Imperial list holding permanent non-regimental staff appointments.

5. They are applicable to Officers of the Royal Engineers on the Imperial Establishment, who are employed in the Public Works Department, or who are receiving a staff salary as on the fixed establishment of the Sappers and Miners; these will count service towards furlough from the date of their arrival in India.

These Officers, therefore, and other Royal Engineer Officers of the Imperial list on permanent staff employ under the Government, will be entitled to a furlough of two years after eight years' service in India, or at the expiration of one year from the date of their return (for a second tour of service in India) on the completion of the prescribed home service after the first period of seven years' service in India.

* Madras G. O. G. 29th June 1869, No. 235.
† Do 28th June 1870, No. 199.
‡ Do 25th July 1871, No. 186.

The English rate of pay of his rank only will be passed to such an officer during this leave; but on his return to India for a second tour of service, the difference between that pay and "Furlough Pay" will be admitted to him; and, if he should not return to India, his passage money to England will be paid to him.

Pay allowed them during furlough.

Royal Engineer Officers on the Imperial Establishment, who are merely doing duty with, or attached to, the Sappers and Miners, but not on the fixed establishment and drawing staff salary, will, in regard to these rules, be on the footing of Regimental Officers of the British Service—see preceding paragraph. If however, they afterwards accept staff employ, they also will count their service for furlough from the date of arrival in India.

Rules apply to R. E. Officers of the Imperial list on the *fixed staff establishments* of Sappers and Miners.

6. Officers of British Regiments who may join the Staff Corps, can count as service towards furlough all their military service in India, provided that half of it (in no case less than four years) shall have been passed in the Staff Corps. But any leave to England they may have taken during service so counted will be reckoned as furlough already taken. Officers of the British Service who formerly belonged to the Indian Armies are exempted from the above proviso.

Previous service of Officers of the British Service who join Staff Corps, how reckoned towards furlough.

7. These rules apply also to all Warrant Officers holding Veteran or Honorary Commissions, who may elect them; the period of service qualifying for furlough being calculated from the date of the attainment of a Commission. They will receive during furlough half their total receipts, calculated as laid down in Rule V, but without any reference to a minimum or maximum rate. Warrant Officers not holding Commissions can obtain furlough under these rules only on medical certificate.

Rules apply to Warrant Officers with Honorary Commissions.

Their pay.

Warrant Officers without Commissions can take furlough on medical certificate only under these rules.

Such furlough may be for two years with retention of appointment and half of the aggregate allowances; but any extension of such leave (which will not be granted for more than one year in excess of the two years), or any leave taken within less than three years from the date of last return to duty, will be on "English furlough pay." [See Note to para 9.]

8. Every Warrant Officer who attained warrant rank before the 19th February 1869, and who has not made his election, will be required, on the first occasion of his applying for leave out of India, to state whether he desires to take the leave under these rules, or under those previously in force applicable to Warrant Officers, *viz.*, G. G. O. Nos. 518* and 531† of 1854, G. G. O. No. 1559‡ of 1857, and subsequent orders. That election will be considered final.

Warrant Officers who were so before 19th February 1869, to elect on first applying for leave.

Those who became Warrant Officers after 19th February 1869 are subject to these rules, and cannot elect any of the previous rules.

Leave on medical certificate on Indian pay and allowances to places eastward of the Cape, as allowed to Commissioned Officers under the Furlough Rules of 1796, is not in any case admissible to a Warrant Officer.

These rules respecting Warrant Officers apply to Honorary Assistant Surgeons and Warrant Officers in the Medical Department.

Rules apply to Medical as to other Warrant Officers.

9. The term "Furlough Pay" having now a changed and two-fold signification, in all future orders and references "Furlough Pay" will be understood as the half Indian salary within the prescribed limits specified in paragraph V of these Rules, converted at the rate of exchange fixed by the Secretary of State for the official year, whilst "English Furlough Pay" will represent the rates heretofore allowed to the several grades as English pay under the Rules of 1796 and 1854.

Meaning of "Furlough Pay" and 'English Furlough Pay."

† Do 9th June 1854, No. 134.

NOTE.—Where in these Rules English furlough pay is mentioned as that to which an officer is to be restricted, the rates laid down in paragraph 11 of G. G. O. No. 69,* dated 22nd January 1868, and (for Medical Warrant Officers) paragraph 22 of G. G. O. No. 550† of 1868, are to be understood as intended in the cases of Warrant Officers.

"English Furlough Pay" of Warrant Officers.

RULES.

I.—The distinction, with respect to allowances, which has been hitherto drawn between furlough on private affairs and sick leave, is abolished, both kinds of leave being included under the general term *furlough*; provision, however, being made for the obtainment of furlough under medical certificate without all the restrictions applicable to furlough when taken without medical certificate.

Assimilation of allowances on furlough on private affairs and medical certificate.

II.—Leave taken under the rules now prescribed will not involve forfeiture of appointment, except in the cases herein specially provided for.

Officers of the Staff Corps and local Indian Service, and Officers on the General List, can retain their appointments during *all* leave of absence granted by competent authority. But their pay during such absence will be the same as they would obtain under these rules had this exemption from forfeiture of appointment not been granted.

Certain Officers retain appointments during *all* leave duly granted.

III.—The Rules now prescribed do not affect the provisions of Act XXXIII of George III, Chapter 52, Section 70;** but an absentee cannot retain his appointment and draw absentee allowances, except under the Rules now prescribed. Nor do they affect the regulations by which General Officers Commanding Divisions and Brigades can only obtain limited periods of leave without forfeiting their commands.

Absence from India for more than 5 years bars return to duty, as formerly.

IV.—Leave of absence will in future be of three kinds, *viz.* :—

I.—Furlough in or out of India.
II.—General leave on private affairs, or sick certificate in India, or short leave to sea.
III.—Privilege leave.

CHAPTER I.

Furlough.

V.—An officer drawing staff pay, in addition to pay of rank, proceeding on furlough, will be allowed pay at the rate of 50 per cent of the salary of his substantive office.

† Do 19th June 1868, No. 232.

** The section referred to is quoted below:—

Section 70.—"And be it further enacted that no person who shall have held any civil or military station whatever in *India*, in the service of the said United Company, being under the rank or degree of a Member of Council or Commander-in-Chief of the Forces, and who, having departed from *India* by leave of the Governor-General in Council, shall not return to *India* within the space of five years next after such departure shall be entitled to any rank or restoration of office, or be capable of again serving in *India* either in the *European* or Native Corps of Troops or in the civil line of the Company's Service, unless, in the case of any Civil Servant of the Company, it shall be proved to the satisfaction of the Court of Directors that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to *India* by a vote or resolution passed by way of ballot by three parts in four of the proprietors assembled in General Court, specially convened for that purpose, whereof eight days' previous notice of the time and purpose of such meeting shall be given in *The London Gazette*, or unless, in the case of any Military Officer, it shall be proved to the satisfaction of the said Court of Directors and the Board of Commissioners for the affairs of *India* that such absence was occasioned by sickness or infirmity, or some inevitable accident."

But an officer in civil employ and drawing consolidated salary, will be allowed 50 per cent of the average salary drawn by him during the three years prior to his proceeding on furlough, or during his actual service in India should that be less than three years: and the time spent and the allowances drawn during any leave "other than privilege leave," will be omitted in the calculation of average salary.

No absentee shall in either case draw more than £1,000 or less than £250 per annum.

Meaning of term "Salary."

The term salary will signify the total amount drawn by an officer, whether as consolidated pay, or staff allowances in addition to pay, but will not include any extra or special allowances. But in the case of a Military Officer in civil employ, his acting allowances shall be taken into account as a part of his salary in calculating his furlough pay.

§ 2. An officer absent on furlough, who may be transferred to another office during his absence, shall be entitled, for the entire period of his furlough, to furlough pay at the rate sanctioned to him when leaving India, whatever the salary of the office to which he may be transferred may be. This furlough pay will be continued to an officer in military employ after his return to India and until he joins his appointment, provided it is not less than the military pay, or pay and allowances of his rank.

Pay of Officers transferred to other appointments during furlough.

But an officer whose term of office shall lapse, who shall vacate his appointment, or whose appointment shall be abolished during his furlough, will revert at once to the furlough pay which he would draw in virtue of his rank, as laid down below, in § 4. Any case of sudden abolition of appointment may, however, be specially considered in the department of the Government under which the officer may have been employed. An officer will also be entitled to the benefit of his promotion to a higher Staff Corps or regimental rank, whilst on furlough, subject to the maximum limit.

Pay when the appointment lapses or is vacated during furlough

Pay of Officers promoted during furlough.

§ 3. Officers holding regimental medical charges will be allowed to retain such charges during the authorized periods of furlough, as if they were medical staff appointments. And the difference between the unemployed* grade pay of the officer holding the substantive charge and the consolidated salary of the charge will be considered the staff salary divisible between the absentee and the officer officiating for him.

§ 4. Officers not in staff employ will receive half of the Indian pay of their rank, provided that an officer entitled to furlough shall in no case receive less than the above minimum of £250 per annum.

Minimum furlough pay.

NOTE.—Officers who may be entitled to income allowance from the Military Fund during absence in Europe will draw their half salary or minimum absentee allowance under the foregoing clause, subject to a deduction equivalent to the amount of such income allowance.

VI.—All grants of furlough on private affairs are subject to the exigencies of the public service,—of which exigency the Government is to be exclusively the judge,—and to any regulations that may be found necessary for limiting the number of absentees.

All furlough on private affairs subject to the exigencies of the service.

NOTE.—It is, therefore, within the competency of Local Governments and of the Commander-in-Chief to decline to forward the application of any officer whose absence would, in their opinion, be detrimental to the interest of the public service, until such time as arrangements can be made for removing the difficulty; and it is the duty of every head of a department to decline to forward any application for furlough, whenever the services of the officer cannot be spared without risking the efficiency of the department, any doubtful case being referred for the orders of Government.

Applications of Officers who cannot be spared need not be forwarded.

‡ " " 20th April 1867, No. 171.

VII.—The maximum amount of furlough on private affairs to be taken at any one time, carrying pay and retention of appointment, will be two years, any extension of such furlough will be without pay, unless it is on medical certificate, see Rule XIII. (But see notes (3) and (4) Rule IX.) and no extension on private affairs beyond two years will be granted, though without pay, except upon satisfactory evidence of very urgent necessity.

Furlough on private affairs limited to 2 years at one time.
Extension of such furlough.

VIII. A period of at least three years' service after return from last furlough, except furlough for a period not exceeding six months under Rule XI., (and excepting also in the case of an officer in civil employ, *ordinary furlough not exceeding three months*) must be completed before furlough can again be taken, unless obtained under medical certificate. (See Rules XIII and XIV, and Note 3 of Rule IX.)

Three years' service to intervene between two furloughs.

But an officer who may be *ordered* to return to duty before the completion of his furlough for the purpose of proceeding on Field Service, may be allowed to take the balance of such furlough at any time.

Exception in cases of Officers ordered out on Field Service.

NOTE.—An officer in civil employ cannot reckon in this interval of three years any period of absence from actual duty, excepting those spent on privilege leave.

IX.—An officer will be eligible for two years' furlough on the completion of eight years' actual service in India (see paragraph 6 of this order); for a third year after a further period of six years' actual service, and for a fourth and fifth year after similar intervals of six years, and so on up to the maximum prescribed in Rule XVI. The grant of furlough to an officer eligible for it will be subject only to the conditions specified in Rules VI and VII. But see notes to this Rule.

Periods of service qualifying for furlough.

§ 2. No furlough, or extension of furlough, if *without pay*, will reckon as "Furlough already taken" in calculating the balance at an officer's credit, as shewn in Rule X. But furlough on private affairs under the Rules of 1796 will of course so reckon.

Furlough *without pay* not reckoned as "Furlough taken."

§ 3. The fact of having taken furlough on medical certificate will not affect the grant of these furloughs within the conditions laid down in Rules VIII and XVI.

How far previous furlough on medical certificate bars furlough on private affairs.

§ 4. If an officer appointed to any *duty* in England draws his Indian allowances, with or without any portion of his staff salary, he can count the period of such employment as service towards furlough; but if he is appointed to an office in England to which a fixed consolidated salary is attached, he cannot reckon the time of such employment as service towards furlough.

Service *on duty* in England how reckoned.

NOTE (1).—But an officer of less than eight years' service in India may obtain furlough, not exceeding two years, on medical certificate, with furlough pay and retention of appointment, provided he has been three years in the Staff Corps, or,—in the case of a Royal Engineer Officer holding a permanent staff appointment, or an officer not in the Staff Corps,—has served for three years in India.

Furlough on medical certificate when on furlough pay.

NOTE (2).—If the officer has not been three years in the Staff Corps, or served three years in India, as the case may be, he will receive "English furlough pay" only, and must vacate his appointment, unless entitled to retain it under Rule II.

Furlough on medical certificate when on English furlough pay.

This rule and the proviso in Note 1, however, are not applicable to officers of the Indian Army who entered the new Line Regiments, or Royal Artillery, and subsequently the Staff Corps.

NOTE (3).—Unemployed General Officers of the Staff Corps or local service can be granted furlough without serving the intervals of three and six years, respectively, prescribed in Rules VIII and IX; and they can remain in Europe after they have exhausted the full period of furlough allowed during an Officer's service by Rule XVI. (eight years on the whole) on the English furlough pay of their rank.

General Officers exempted from certain rules.

NOTE (4).—And a Major-General of the Staff Corps—If he has so much furlough at his credit, and proceeds to England within a year of his being promoted to that rank, or of his ceasing to be employed—can continue, after the expiration of the two years' furlough, to receive half his Indian pay until he completes the period of three years during which he would be entitled to draw his Staff Corps pay if he were in India.

X.—An officer eligible for furlough need not take the whole amount to which his service entitles him, but may apply for any portion thereof as an instalment; and in that case the balance will remain at his credit in any future computation of the amount of furlough for which he may be eligible.

Furlough may be taken by instalments.

Illustrations.

1. An officer who has served nine years in India is entitled to two years' furlough: He takes only one year, and after his return remains in India for five years. He is then eligible for two years' furlough as follows:—

Furlough at credit how determined.

Furlough due on that service	...	...	...	3 „
Furlough already taken	...	...	...	1 year.
Balance for which he is eligible	...	...	...	2 years.

2. An officer who has served 20 years in India without taking furlough is entitled to four years' furlough. He can only take, however, two years at one time carrying pay, the balance remaining at his credit in any future computation of furlough to which he may be entitled. He can take that balance after completing three years' service from the date of his return from the first instalment.

NOTE.—An officer is said to have furlough at his credit,—even though he may not be able to obtain it owing to the number of absentees, or other causes,—when the calculation of his service, as in illustration 1 above, shews a "balance for which he is eligible."

XI.—Furlough on urgent private affairs for six months on pay equivalent to the British Regimental pay of his rank may be granted when the officer has no furlough at his credit, or when from other causes, *e. g.*, the number of absentees, or his not having served three years since his last return to duty, he is not able to take it. The said period may form part of the periods of either eight or six years referred to in Rule IX., and also,—except in the case of an officer in civil employ, see Rule VIII note,—of the three years which are required to intervene between two periods of furlough by Rule VIII.

Furlough on urgent private affairs when granted.

This leave cannot be given in extension of furlough of any description. It cannot be extended beyond six months, unless on medical certificate and on the same pay; in which case the officer will be deemed to have vacated his appointment unless entitled to retain it under Rule II; the whole period will be reckoned in the maximum amount of furlough (8 years) allowed by Rule XVI, and no portion of it can form any part of the periods referred to in Rules VIII and IX.

Extended beyond 6 months only on medical certificate when its advantages are lost.

NOTE.—Ill health is not considered as warranting furlough under this rule to any officer who under the provisions of these rules can obtain furlough on medical certificate without forfeiting his appointment.

XII.—Subject to State considerations, there will be no restriction as to the places to which an officer may resort during furlough. But, if he desires to spend in England the rest of a "furlough in India," or *vice versa*, he must obtain permission to do so from the Government of his Presidency, or from the Secretary of State for India, as the case may be; and on landing in either country, he must report his arrival accordingly to the Military Department of his own Presidency, or to the India Office, forwarding a copy of the permission granted him to change his destination. He must also communicate his address. An officer who, on his return to India, reports his debarkation, without forwarding *at once* a copy of the permission granted him to change his destination, or submitting an application for such permission, will be considered to have returned to his duty.

Special permission needed for change of residence from England to India and *vice versa* during furlough.

Reports, &c., required.

XIII.—Furlough on medical certificate is obtainable as indicated in Notes (1) and (2) of Rule IX, and in Rule XIV. Absence on such furlough for a longer period than two years at one time will involve forfeiture of appointment. [But see exceptions in Rule II.] Furlough may, however, be extended on medical

certificate up to a third year on "English furlough pay;" and an officer on furlough on private affairs, who may be obliged to obtain an extension on medical certificate, will be thenceforward entitled to the same advantages, and subjected to the same disadvantages as to retention of appointment, pay, &c., as if he had originally obtained furlough on medical certificate.

If he exceeds 3 years' absence on medical certificate, the officer may have to reture or go on half pay.

In the event of an officer not being able to return to his duty after an absence of three years, it will rest with the Secretary of State for India in Council to order him to appear before a Medical Board, with a view to placing him on the retired list, if entitled to pension, or on the half-pay list.

Extension on medical certificate over 3 years to be without pay.

Should the circumstance of the case warrant a further extension of furlough, it can only be granted without pay.

Officers on medical certificate must be pronounced fit for duty before returning to India.

NOTE.—All officers, however employed, and whatever the amount of leave granted them may be, who leave India on sick certificate, are required to produce a certificate of fitness for duty before they can be allowed to return.

Consequences of furlough on medical certificate taken within 3 years of last return.

XIV.—An officer whose health may necessitate his taking furlough within three years from the date of last return from any furlough except that taken for a period not exceeding six months under Rule XI, (and excepting also, in the case of an officer in civil employ, *ordinary furlough not exceeding three months*), may obtain, under the usual medical certificate, such amount as may be duly certified to be necessary for the restoration of his health; but he will receive only "English furlough pay," and must vacate any appointment he may be holding, unless entitled to retain it under Rule II.

§2. If however he shall have served three years since the date of his last return to duty, although there may be no balance of furlough at his credit, he will be entitled, on obtaining furlough on medical certificate, to retain his appointment and to receive "furlough pay" as laid down in Rule V for the entire period not exceeding two years. Should the latter period be exceeded, he will come under the provisions of Rule XIII.

"Furlough at credit" bars furlough on medical certificate.

XV.—An officer entitled to furlough, or having a balance of furlough at his credit, whose health may necessitate his absence from India, must take the leave as furlough under Rule IX, but without forfeiting any passage money to which he may be entitled under Military Fund Rules,—or, if a Subaltern, by Regulations,—when proceeding on medical certificate.

Furlough on medical certificate when extended on private affairs.

§2. Should the officer be declared fit for duty before the expiration of two years, he may be granted extension on private affairs up to that limit, provided that he has so much at his credit, and that if he remains he will not be in excess of the established proportion of absentees. Any extension *on private affairs* of such furlough beyond the said period of two years must be without pay.

Furlough at credit must be exhausted before furlough on medical certificate can be given.

§3. Any extension on medical certificate of furlough under § 1 of this rule beyond two years or any lesser period which may be at his credit under Rules IX and X will be regarded, in all respects, as furlough on medical certificate (Rule XIII); and if the period of two years should not exhaust the balance of furlough at his credit under Rule X, the period or periods of extension shall be deducted from such balance till the latter is exhausted. On the aggregate of two years' leave being exceeded, the officer will come under the provisions of Rule XIII.

Total furlough with pay, &c., in an officer's service limited to 8 years.

XVI.—The aggregate amount of furlough with pay and retention of appointment on private affairs and on medical certificate, that may be granted to an officer during his service, will be limited to eight years.

Furlough not reckoned in this period.

NOTE.—The following periods of leave, however, will not be reckoned in this period of eight years:—

§1.—Leave without pay.

§2.—Sick leave to Europe, or to the Colonies Eastward of Cape under the Rules of 1796.

§3.—Leave taken under Rule XI of these Rules, provided it be not extended over the six months. If it be so extended, the whole period will reckon as part of the eight years.

§4.—Leave necessitated by wounds or sickness contracted on active service, and any other leave which may be allowed by proper authority to reckon as service for pension.

§5.—In the case of an unemployed officer, periods of residence in England on English pay after promotion to the rank of Major-General, or to the rank of Regimental Colonel in the Royal (late Indian) Artillery and Engineers, or after completion of tour of service as Inspector-General or Deputy Inspector-General of Hospitals, when the officer is no longer required to reside in India.

All other leave to Europe, or out of India for periods exceeding three months (see Rule XXVII.), including furlough on medical certificate under the Furlough Rules of 1854, will form part of the period of eight years.

XVII.—If taken in India, furlough will be reckoned from the date of the absentee's quitting his station to the date of his return thereto; if taken out of India, from the date of the sailing of the vessel in which he may have embarked to the date of his *bonâ fide* disembarkation in India for the purpose of rejoining his appointment or Regiment; the date of embarkation (or of the vessel's leaving the Sandheads if from Calcutta) and that of disembarkation also, are included in the furlough.

Dates from and to which furlough is reckoned.

NOTE (1).—As an illustration of this rule, it may be observed that a Madras Officer's landing and reporting himself at Madras *en route* to Calcutta to join his appointment in Bengal or the North-Western Provinces, &c., is not disembarkation in the sense intended by this rule.

NOTE (2).—To enable an officer who overstays his leave to obtain an extension, he should shew that he took all needful precautions to ensure his arrival in proper time, and if delayed by the departure of the vessel being deferred, he should obtain the certificate of the owner or agent that she had been *bonâ fide* advertized to sail from———on the———but that her departure had been delayed till the———See General Order No. 52, dated 21st February 1873.

Extension to cover excess over furlough how obtained.

XVIII—Preparatory leave to embark for Europe or elsewhere on furlough will be granted for any period deemed necessary, not ordinarily exceeding 30 days. Leave up to the same limit, to enable him to join on his return from furlough, will be granted from the date succeeding that of his disembarkation in India. This applies equally to furloughs taken under Rule XI. The authority which has power to grant preparatory leave can, on due cause being shewn, grant any necessary extension of it; but this can be done only on very sufficient reasons.

Preparatory leave.

Limited ordinarily to 30 days.

NOTE (1).—An officer obtaining a furlough on private affairs or medical certificate must embark within three months of the date of the General Order which notifies it, or take up the first portion of his furlough in India until he embarks; if not the General Order will cease to have effect. The only exception to this rule that can be allowed is when the officer is prevented from embarking within the three months owing to his detention in India by proper authority on *bonâ fide* public grounds.

G. G. O. granting furlough has effect for 3 months only.

If however the officer does not within a reasonable time avail himself of the furlough given him, his subsequently being placed on duty rendering his detention necessary will not exempt him from the rule; and in every case of such detention the officer must at once report it, and he is not to embark after the expiration of three months until he has applied for and obtained from the Government of his Presidency an extension of the period.

Detention when deemed a valid excuse.

NOTE (2).—Officers who may be serving in other Presidencies than their own, if they desire to embark *bonâ fide* for Europe from the latter, may obtain preparatory leave accordingly, and their furlough will reckon from the date of their embarkation at their own Presidencies.

An officer serving out of his Presidency may embark from it.

NOTE (3).—For full information as to the submission of applications for furlough, see G. G. O. No. 34* of 11th January 1869; G. G. O. No. 103,† dated 26th January 1869; General Order by the Commander-in-Chief, No. 135, dated 11th June 1870.

NOTE (4).—The allowances of Military Officers in Civil employ during preparatory leave, and after return to India until they rejoin their appointments, will be adjusted according to Civil Rules.

NOTE (5).—Leave preparatory to retirement from the service does not reckon as service towards pension.

Leave preparatory to retirement.

XIX.—Furlough allowances are payable monthly if payment is taken in India, and quarterly if payment is taken in England.

Pay issued monthly in India, quarterly in England.

XX.—Advances of furlough pay will continue to be made in India, to those officers who desire it for three months from date of embarkation. Payments in continuation will be made in England on the expiration of six months from that date. No advance is made in England to officers on their returning to duty.

Advances of furlough pay given in India only.

XXI.—The last pay certificate issued to each officer who may be granted furlough, whether on private affairs, or on medical certificate, will specify the rate of the pay and staff salary of his last substantive appointment, and the rate to which he will be entitled in Europe in virtue of Rule V.

Last pay certificate to shew rate of furlough pay, &c.

XXII.—An officer acting in India for an absentee on furlough will be restricted, for the entire period that he may so act, to the half staff salary of the appointment in which he may be acting, in addition to the full pay of his rank and the half staff salary of his own appointment, if he possess one. The staff salary granted to an acting officer will, however, in no such case be less than Rs. 100 per mensem.

XXIV. In computing the furlough on private affairs to which an officer who has already enjoyed some portion of such furlough will be entitled under these rules, it will be necessary to deduct the total amount of the furlough on private affairs of which he may have availed himself during his service from the total periods to which under Rule IX he can lay claim. The balance (within the limit of 8 years' total furlough on private affairs and medical certificate laid down in Rule XVI) will represent the leave to which he will be entitled on the expiration of not less than three years from his last return to duty.

Furlough due how ascertained.

(1).—An officer, who had obtained under the existing rules two years' furlough after ten years' service, returns to India on the date on which this order is promulgated. He accepts its conditions, and serves four years longer in India. On the expiration of that term, he can take one year's furlough, thus:—

(2).—An officer of four years' service has proceeded on sick certificate to England for 20 months, extended afterwards to two years. He returns, serves six years in India, takes two years' furlough, and returns to India about the time of the promulgation of these rules, which he accepts. He must serve four years before he can take an additional year's furlough, thus:—

Total service in India	10

CHAPTER II.

General leave on private affairs and sick certificate in India.

XXV.—An officer will be eligible, as at present, to take leave on private affairs or sick certificate any where in India for any period not exceeding six months, at the discretion of His Excellency the Commander-in-Chief, or of the Government under which he may be serving. During the entire period of his absence on this account, the officer will be entitled, as at present, to his full pay and a moiety of his staff salary. Leave taken under this rule will form no part of the eight years' aggregate furlough. If this indulgence should be taken advantage of for a third year consecutively, the officer will lose his staff appointment unless entitled to retain it under Rule II.

Leave on private affairs or medical certificate limited to six months.

Pay as heretofore.

If taken for a third year consecutively, staff appointment forfeited.

XXVI.—Leave on sick certificate for a period exceeding six months, capable of extension, under renewed medical certificate, to a limit of one year, may be granted to any officer who, in the opinion of a Medical Board, may require it. Leave of this nature, taken after the promulgation of these rules, will be held to constitute a part of the maximum period of eight years' leave of absence to which an officer is entitled in his entire period of service, but will not be regarded as furlough, nor will it affect the intervals entitling to furlough laid down in Rule IX. During this leave the absentee will draw a moiety of his staff salary in addition to the pay of his rank. But if the 12 months be exceeded, the whole leave must be reckoned as furlough, and allowances be adjusted accordingly.

If extended to 1 year on medical certificate, reckons in the 8 years of Rule XVI.

If extended over 1 year, reckons as furlough.

XXVII.—Short leave not exceeding three months on private affairs or sick certificate, may also be taken to sea, on the above condition, but absence from India for any longer period will be treated as furlough.

Short leave (not exceeding 3 months) allowed as heretofore.

XXVIII.—All general leave taken in India counts as part of the leave reckoning against service for pension.

CHAPTER III.

Privilege Leave.

XXIX.—Privilege leave may be granted, as at present, for sixty days in each year to all officers in Military employ, without deduction from the salaries and emoluments drawn by them. General leave, in extension of privilege leave, can only be granted on the ground of sickness, or some other serious emergency which could not have been foreseen when the officer proceeded on privilege leave. Privilege leave may, however, be converted into general leave with the sanction of the Commander-in-Chief or the Government.

Limited to 60 days in each year.

When extended.

XXX.—In the case of the stations noted in the margin, privilege leave may, as at present, be granted for ninety days to officers of local Corps, or of Corps which are usually employed in one or other of the districts named.

90 days allowed from certain stations.

Assam.	Bunnoo.
Shillong.	Dera Ismael Khan.
Erinpoora.	Dera Ghazee Khan.
Deolee.	Rajanpore.
Khairwara.	Jacobabad.
Khotra.	

XXXI.—An officer is at liberty to proceed wherever he may desire on privilege leave, provided he can ensure his return before the expiration of his leave.

No restriction as to place.

XXXII.—Privilege leave cannot be taken in continuation of furlough, nor can furlough be obtained in continuation of privilege leave. If furlough be obtained by an officer while absent on privilege leave, the privilege leave will be converted into general leave, the officer for that period sacrificing a moiety of his staff salary.

Must be apart from furlough or other leave.

MILITARY OFFICERS IN CIVIL EMPLOY.

XXXIII.—Those Military Officers (including Warrant Officers who hold Honorary, Veteran, or Unattached Commissions) in Civil or Political employ who may elect these rules when they take leave in India come, as respect periods of leave obtainable and amount of pay to be granted, under the Civil leave rules. When they take leave out India, they come under the Military leave rules.

For preparatory or subsidiary leave, see Note (4) of Rule XVIII.

SUBSIDIARY LEAVE.

XXXIV. Officers of the Indian Military and Medical Services will be required generally to notify their intention to accept these rules, or to adhere to those now existing, on the first occasion of their taking furlough or general leave after the publication of this order. Such election must be considered final, and under no plea whatever will an officer be subsequently relieved from the choice thus made.

Election of these rules to be final.

§2. Officers going home under these Rules will pay English rates of subscription only to the Military Fund.

Fund subscription during furlough.

§3. Officers who may determine to abide by existing rules, will be allowed to proceed on furlough on the conditions laid down in Rules VII, VIII and XIII, to the extent to which they may be entitled under the Furlough Regulations of 1854, or of 1796, whichever of the two they may have elected, and on the rates of pay contemplated in those regulations, but retaining their appointments. The principle laid down in Rule XV, must, however, be applied in those cases.

Benefits allowed to those who elect existing rules.

§4. If an officer under the Furlough Rules of 1796 elects the present rules, his service for pension will be reckoned under the former rules up to 1st July 1868, and thenceforward under the Rules of 1868; and the fact of the officer having been on furlough on 1st July 1868 and not then having elected the rules of 1868, will not affect the case. All periods of leave out of Indian limits taken previous to 1st July 1868, will be wholly excluded from his service for pension; but he may reckon towards pension periods of leave taken subsequent to that date, according to the length of his service counting for pension, as shewn in Rule XXIII.

Previous service of officers under 1796 Rules how reckoned.

His election of these Furlough Rules in no way affects his right to *retire* under the Pension Rules of 1796.

Retirement under 1796 Rules not affected.

The 10th July 1874.

Under instructions from the Government of India, Financial Department, the Chief Commissioner is pleased to direct the attention of the Deputy Commissioners and Treasury Officers of Districts to the subject of their respective duties and responsibilities in respect to the Treasuries under their control or in their immediate charge.

2. It has already been laid down by the Government of India, in orders of 30th September 1869, republished in the Deputy Accountant General's Circular No. 715 of 19th October 1869—

First.—That the appointment of a Subordinate Officer to the immediate charge of a Treasury in no way relieves a District Officer [Deputy Commissioner] from responsibility.

Secondly.—That the duty of verifying and certifying to the actual monthly cash balance and of signing the monthly cash accounts must be performed by the District Officer in person, and must on no account be delegated to any Subordinate Officer unless upon the ground of properly attested physical inability to perform the duty. By subsequent Government orders of 22nd June 1870, referred to in the Deputy Accountant General's Circular No. 790 of 7th July 1870, the Government of India insist on the verification of the Treasury Cash Balance by the Deputy Commissioners at least once in two months, and direct that in his absence on the first working day of a month it shall be verified, and the accounts signed, by the Senior Assistant Commissioner other than the Treasury Officer.

3. In reminding Deputy Commissioners of Districts of the above orders of the Government of India and of their personal and pecuniary responsibilities, the Chief Commissioner desires to point out that while the details of Treasury work are to be performed by the Assistant Commissioner placed in charge of the Treasury, it is the Deputy Commissioner's duty to exercise a practical, and not merely nominal, supervision over that officer's proceedings, by frequent personal enquiry and inspection. He ought to see more especially (1), that the ordinary rules prescribed for the conduct of business are rigidly and punctually carried out, and that the checks which the Treasury Officer is required to exercise are exercised by him personally and not by delegation to the Head Accountant or other subordinates; (2) that special instructions of the Deputy Accountant General or other authority are promptly complied with; (3) that the Transfer Receipts, Money Orders and the like are promptly issued, and that Currency Notes are freely received and issued, so far as means permit; (4) that the daily accounts of the District Treasury and the Taluks are written up daily in all books; (5), that the bulk of the cash and stamps of all kinds are habitually under the Treasury Officer's and Treasurer's double locks; (6) that the Taluk Treasuries are kept in funds when necessary, and not allowed to retain unnecessarily large balances; (7) that the punctual submission of their daily accounts is insisted on; (8) that the District and Taluk Treasury Guards are sufficient; (9) that remittances are properly escorted, and generally that no practices are permitted at variance with standing orders.

4. While thus enforcing the supervision required on the part of the Deputy Commissioner, the Chief Commissioner would point out that it is not intended thereby to relieve the District Treasury Officer, the Treasurer and principal officials, of their primary responsibilities for the due discharge of their respective Treasury duties, or for any loss of money, stamps, &c., or other injury to the interests of Government, which may result from neglect of orders or laxity or supervision.

5. The above orders apply also to Amildars in charge of Taluk Treasuries, who will be held personally responsible for carrying out strictly and promptly all orders relating to Treasury business, and for any loss of money, &c., that may occur from a neglect of them, or from want of due care and circumspection on their part in the conduct of the Treasury duties.

RESOLUTION.

It appears from the correspondence forwarded by the Military Department that the procedure to be followed in respect of a deserter from Her Majesty's Navy who has fallen into the hands of the Civil authorities is not generally known. And in order to prevent the unnecessary detention in jail of such deserters pending enquiry as to the proper measures to be adopted towards them, the Government of India desire that the attention of all Civil Officers may be drawn to the provisions of 10 and 11 Victoria Chapter 62, Section 9, and that the procedure therein prescribed may in future be followed.

2. The provisions of that section are to the following effect :—

I.—Any person reasonably suspected to belong to Her Majesty's Navy and to be a deserter, or improperly absent from his duty, may be apprehended by a Constable.

II.—The Constable shall bring the person so apprehended before a Justice of the Peace.

III.—The Justice of the Peace shall examine the person so brought before him, and if it appears—

(a) that he belongs to Her Majesty's Navy, and—

(b) that he is improperly absent from his duty,
the Justice shall take one of the following courses :

(1) When the deserter has been apprehended in the vicinity of one of Her Majesty's ships in commission, send him on board such ship.

(2) When the deserter has not been apprehended in the vicinity of one of such ships, send him to the nearest or most convenient public prison and notify the commitment to the Secretary to the Admiralty, or to any Naval Commander-in-Chief or Officer commanding one of Her Majesty's ships, at the same time describing the deserter and naming the ship to which he is supposed to belong.

IV.—When the deserter has been sent to a prison, the Superintendent thereof shall deliver him up to any person authorized to take charge of him by—

(a) the Lord High Admiral, or—

(b) the Commissioners for executing the office of the Lord High Admiral, or—

(c) any Naval Commander-in-Chief, or—

(d) the Officer commanding any one of Her Majesty's ships.

On receiving the deserter, the person so authorized shall convey him in safe custody on board any of Her Majesty's ships in commission.

The following additions and corrections of G. G. O. No. 171, dated 25th February 1874, are republished for general information.

Military Department, No. 585, dated the 5th June 1874.

The following additions and corrections of G. G. O. No. 171, dated 25th February 1874, are notified for general information. Order books to be corrected accordingly.

To paragraph 1 add the following note :—

NOTE.—The advantages granted by the Furlough Rules of 1854 to officers who obtain furlough on medical certificate are not applicable to any officers of the British Service whose regiments, battalions, brigades or batteries arrived in India after the date of the Passage Warrant of 1865, and neither those

Rules nor the Furlough Rules of 1868 are, *as respects furlough on private affairs*, applicable to British officers serving with their regiments or employed with a five years' tenure in staff situations (see para 4).

"But officers of the late Indian Army who hold permanent appointments under the Governments of India, and who may have elected to abide by the Furlough Rules of 1854, in preference to those of 1868, of course retain their election."

2. For the 3rd clause of paragraph 5 substitute the following as clauses 3 and 4 :—

Pay allowed them during furlough.

§ 3. Such officers will be allowed an advance of passage money, or free passage in a troopship if proceeding in the trooping season, the advance to be refunded on receipt of the balance of furlough pay. The English rate of pay of their rank only will be passed to them during their leave; but at its conclusion, on their presenting an order for them to return to India, the difference between that rate and furlough pay, less the passage money they have received, will be paid to them in England conditionally on its refund if the order to return to India is not carried out.

§ 4. Those Royal Engineer officers who arrived in India before the 1st July 1872 are, however, not subject to the provisions of the preceding clause as long as they do not exchange Indian for home service, but draw furlough pay during furlough as others.

3. After clause 4 of the same paragraph (para 5) add the following :—

A British officer vacating appointment becomes, on re-employment, again eligible to these rules.

§ 5. An officer of the British service holding permanent staff employ under the Government who may proceed on furlough under circumstances which involve the forfeiture of his appointment, must obtain the furlough as a British regimental officer, and it will reckon as a portion of the aggregate eight years of furlough on pay to which an officer is restricted during his service by Rule XVI. But, on again becoming permanently employed, he resumes the right of obtaining furlough under these rules.

4. Instead of the concluding sentence of Clause 1 of Rule XXII, following the words "if he possess one," read—.

"The aggregate staff salary granted to the acting officer in such cases will not be less than Rs. 100 per mensem unless the full staff salary of the post in which he is officiating is less than that sum."

5. At the end of Rule XXII insert the following Note:—

NOTE.—The indulgence granted by § 1 of this rule is only allowed to one *directly* officiating in the place of the officer absent on furlough, not to one acting in the room of an officer who is himself acting for an absentee on furlough.

MILITARY DEPARTMENT.

PAY AND ALLOWANCES.

Fort William, the 10th July 1874.

Financial Department, No. 3926, Fort William, the 26th June 1874.

It is requested that the above heading, with number and date of this communication, may be quoted in any subsequent correspondence on this subject.

READ extract from the proceedings in the Military Department, No. 61, (*Pay and Allowances*), dated the 1st June 1874, submitting for consideration and orders a question as to whether the grade pay of Surgeon-Major C. G. Wiche, whilst in medical charge of the Yerrowda Jail, should be a civil or a military charge, he not having been employed in the Military Department while holding that charge.

RESOLUTION.—The Governor-General in Council observes that in the proceedings ending with Financial Resolution No. 1065, dated 23rd July 1868, it was laid down that, as a rule, the medical should not be separated from the executive charge of a central jail, a medical officer being ordinarily selected for the charge, on the pay laid down in the Financial Resolution No. 3276, dated 24th December 1867.

It was added that, when it is found absolutely necessary to appoint a non-medical officer to the post, a separate allowance for the medical charge was of course unavoidable, and the Financial Resolution, dated 23rd July 1868, accordingly fixed Rs. 100 a month, as the additional allowance to the Civil Surgeon for his medical charge of the central jail, when the executive charge is held by a non-medical officer, and laid down that " in such a case, however, the combined cost of the allowance to the medical " officer, and the payment to the non-medical superintendent should not exceed the consolidated salary " which would have been payable for the combination of the two charges in one person."

Afterwards the preferential employment of non-medical men in the executive charge of central jails was generally allowed by Home Department's Resolution No. 819-831, dated 16th June 1869, on the condition that " whenever the superintendence and medical charge of a central jail are not united, the " allowance for the latter will be Rupees 100, and in exceptional cases in which the central jail is at a " distance from the medical officer's station, Rupees 150 ; but strict attention must always be paid to " the Resolution of the Financial Department, (No. 1065, dated 23rd July 1868) that the aggregate " cost of the administrative and medical charges, when held separately, is not to exceed the total salary " payable for the combination of the two charges in one person."

Subsequently in fixing the scale of salaries for non-medical superintendents of central jails, it was repeated in Financial Resolution No. 1821, dated 31st March 1871, that "it is not proper to deviate from " the principle laid down in the Resolution of Financial Department of 23rd July 1868, No. 1065, " namely, that the aggregate cost of the administrative and medical charges when held separately shall " not exceed the total sum payable when both charges are combined in the same person. Nor is there " any reason to alter the rule in the Resolution of the Home Department, No. 819-831, dated the 16th " June 1869, prescribing for the separate medical charge of a central jail, an allowance of Rupees 100 " a month or, in special cases at the discretion of the local Government, Rupees 150 a month."

The limitation of the aggregate expense for the medical charge and the administrative superintendence (when the latter is held by a non-medical man), within the pay of a commissioned medical officer in entire charge of a central jail, renders it indispensable that the medical charge on the extra allowance of Rupees 100 or Rupees 150 should be held by the Civil Surgeon of the district, or by a medical officer who has some other substantive appointment ; without this, the limit of expense would be exceeded, and the object of liberating an effective medical officer for other duty by substituting for him a non-medical superintendent of a central jail would be frustrated.

In the case of the Yerrowda Jail, the application of the Government of Bombay, which the Government of India allowed, was that " sanction may be accorded to the appointment of a Superintendent " of that (Yerrowda) Jail on a salary commencing at Rupees 600 per mensem, in accordance with the " orders contained in the Resolution of the Government of India in the Financial Department, No. 1821,

" dated 31st March 1871. The Superintendent will not, I am to add, be a medical man. The medical " officer in charge of the Yerrowda Central Jail will receive an allowance of Rupees 100 per mensem.

The limitation, under the Financial Resolution dated 31st March 1871, of the total expense for medical charge and non-medical superintendence within the amount which would have been payable to a medical officer in entire and undivided charge of the central jail, was thus a proposal of the Bombay Government. Instead, however, of the Civil Surgeon of the Poona District being placed in medical charge, that charge was given to another medical officer who had no other substantive* appointment—thereby engrossing the services of two officers, (a medical and a non-medical man) exclusively for the central jail,—defeating the purpose for which a non-medical superintendent is allowed, and raising the aggregate expense for the medical charge, and the non-medical superintendence of the Yerrowda Jail to Rupees 1,793 rising to Rupees 2,043 per mensem.

		Rs.	Rs.
Non-Medical Superintendent	...	600 rising to	850
Medical charge	...	100	100
		700	950
Military pay of an effective medical officer	...	1,093	1,093
Total		1,793	2,043

The Military Department cannot be charged with the military pay of Dr. Wiche while he was in medical charge of the Yerrowda Jail, without doing any duty in the Military Department. Accordingly that pay should be debited to the Provincial Services of the Bombay Presidency, and as two effective officers—one medical, the other non-medical—cannot be allowed, the Bombay Government should discontinue the charge for the second officer, either by transferring the medical charge of the Yerrowda Jail to the Civil Surgeon of Poona, or by placing the executive as well as medical charge under Dr. Wiche.

ORDER.—Ordered, that this Resolution be communicated to the Military * Department, the Government of Bombay, and the Accountant-General, Bombay.

2. Act VI of 1866 declares Act XXXI of 1860 to be in force during the pleasure of the Governor-General of India in Council.

3. It also enacts that the license for going armed or carrying arms mentioned in Sections 26, 28, 29 and 30 of the said Act XXXI of 1860, may be granted on such conditions as may be thought necessary, and that on breach of any such condition, or failure to comply therewith, such license shall be null and void.

Proceedings of the Chief Commissioner of Mysore, Department of Revenue, Agriculture and Commerce.

No. 3868—REV. 26, DATED BANGALORE, 22ND AUGUST 1874.

CIRCULAR ORDER.—The following instructions, approved by the Government of India, are laid down for the guidance of Officers who may be employed in this Province in the settlement of compensation for crops destroyed during manœuvres, &c., at Camps of Exercise.

H. WELLESLEY,
Offg. Secretary.

MEMO OF INSTRUCTIONS.

Before the assembly of the camp, the Civil Authorities will warn the Shanbhogs (Patvaris) to be as much as possible present in their villages during the operations, and to note what fields are injured by the troops.

2. The Amildar (Tahasildar) of the Taluk will be on the spot. He will keep a daily record (1) of the fields which may be occupied by the camps; and (2) of those over which troops might pass. Each of these statements will be in the following form :—

Column	1.	Name of village.	Column	7.	Date of injury.
,,	2.	Number of the field.	,,	8.	Estimated produce.
,,	3.	Class (whether 1st, 2nd, or 3rd.)	,,	9.	Estimated value.
,,	4.	Extent of the field (area.)	,,	10.	Proportion injured.
,,	5.	Name of cultivator.	,,	11.	Compensation awarded.
,,	6.	Name of crop injured.	,,	12.	Date and signature of the cultivator in token of acknowledgment.

3. The Shanbhog of the village will report to the Amildar the damage done to each field not later than three days after the troops have passed over it. The Amildar will from time to time test the accuracy of these reports, and fill up the first seven columns of the statements referred to in para 2 above. He will further forward a copy thereof once a week to the Officer Commanding.

4. The Shanbhog and the Amildar will be responsible for any errors of omission or incorrect entry in the above statements, the object being to relieve the cultivators as far as possible from any trouble in bringing their loss to notice.

5. When the season is so far advanced that the quality of the harvest can be fairly estimated, the Deputy Commissioner of the District accompanied by a Military Officer detailed for the duty will go over the fields with the Amildar and the Shanbhog, and will strike out from the list all fields in which it is evident that no damage has been done to the crops. Then, with the assistance of a *panchayat* composed of the leading inhabitants of villages in the neighbourhood, an appraisement of the "estimated produce," "estimated value," and "proportion injured," will be made for the remaining fields.

6. The Deputy Commissioner will check the estimates and ask the cultivators concerned whether they are satisfied with the appraisement, or whether they have any objections or complaints to make. Such objections or complaints, if any, will be weighed by the Deputy Commissioner, who shall adjudge the compensation to be awarded.

7. The amount so adjudged shall forthwith be paid, and a *razinama* obtained of all claims for compensation.

8. In no case shall the award be delayed beyond the time at which the crops are harvested.

9. When all claims for compensation have been disposed of, a copy of the statements alluded to in the foregoing paragraphs shall be furnished to the General Commanding, in view to the amount being recovered from the Military Department.

10. If the number of troops engaged be large, and the operations extend over a large tract of country, the Deputy Commissioner may apply for the services of an Assistant, one or more Amildars, and a special staff. Any extra charges incurred on account of, or in connection with, the persons so employed, will form an item in the compensation bill.

Fort William, the 14th August 1874.

No. 2139.—The Government of India, in the Notification issued from this Department, under date he 21st August 1867, No. 3742, and published in the *Gazette of India* of the 24th idem, page 1221. romulgated, for general information, certain rules for the submission, receipt, and transmission of nemorials, and other documents of the same class, addressed to Her Majesty, or to Her Majesty's ecretary of State for India, by private individuals, or by public officers of civil departments in India.

2. These rules declared that "no memorial would be received or attended to by the Home Governent which had not been forwarded through the regular channel of the Governments in India," and hat every memorial addressed to Her Majesty, or to Her Majesty's Secretary of State, "should be orwarded through the Local Government under which the writer is residing, or employed, with the iew of affording an opportunity to such Local Government of expressing an opinion and offering an explanation."

3. Notwithstanding the promulgation of these rules, memorials have constantly been forwarded to England direct by persons in India; but they have invariably been rejected by Her Majesty's Government, and forwarded to the Government of India to be returned to the writers, with the intimation that Her Majesty's Government declines to entertain any representations from persons in India unless submitted through the Local Government or Administration.

4. Her Majesty's Secretary of State has recently returned a number of such memorials, and has requested the Government of India to notify, for general information, "that no communication from any individual resident in India can be considered by Her Majesty, or by Her Majesty's Government which is not transmitted through the prescribed channel, *viz.*, that of the Local Government." Attention is, therefore, again drawn to the necessity of presenting such petitions to the Local Governments and Administrations for transmission by them.

No. 4857.

READ AGAIN—

Financial Resolution No. 3416, dated 30th May 1874, regarding the supply and adjustment of the cost of articles of church furniture when new churches have to be furnished.

READ—

A letter from the Archdeacon of Calcutta, No. 199, dated 17th July 1874, stating with reference to this Department's communication No. 4126, dated 30th June 1874, that the following scale of allowances appears reasonable, and making observations on the articles provided by the Public Works Department:—

	Rs.
1.—A set of communion plate	150
2.—Altar cover	150
3.—Bible, prayer book, office book for communion table, and for cemetery ...	50
4.—A "fair linen cloth" and three napkins for communion service ...	35

RESOLUTION.—The Governor General in Council is pleased to adopt the recommendation of the Venerable the Archdeacon of Calcutta.

ORDERED, that a copy of the foregoing Resolution, together with a copy of the Archdeacon's letter No. 199 of 17th July 1874, and an extract (para 2) of Home Department Proceedings, No. 88 of 20th March 1872, be distributed for information and guidance as follows:—

1.—To the several Departments of the Government of India.
2.—To the several Local Governments and Administrations.
3.—To the Comptroller General and to the several Accountants General, and Deputy Accountants General in independent charge.
4.—To the Right Reverend the Lord Bishop of Calcutta, and the Venerable the Archdeacon of Calcutta.

R. H. HOLLINGBERRY,
Asstt. Secy. to the Govt. of India.

ENCLOSURE TO RESOLUTION No. 4857 OF 1874.

From—The Venerable J. BALY, Archdeacon of Calcutta, To the Secretary to the Government of India, Financial Department, No. 199, dated 17th July 1874.

With reference to No. 115, A. B, Government of India, Department Public Works, of 14th March 1874, relative to certain articles of church furniture, I have the honor to say that the following scale of allowances appears reasonable:—

		Rs.	
(1).	A set of communion plate	150	The sum allowed at present.
(2).	Altar cover	150	
(3).	Bible, prayer book, office book for communion table, and for cemetery	50	
(4).	A "fair linen cloth" and three napkins for communion service ...	35	

With reference to the articles provided by the Department of Public Works, one altar chair and two chairs for the vestry are sufficient, and I beg to suggest that in lieu of those omitted a lectern should be allowed, from which the lessons should be read. and in the smaller churches, where there is no pulpit, the sermon also be preached. The reading-desk in this case need not be so large or so high, and considerable inconvenience to the Clergyman or officer reading would be avoided; the additional cost to Government would be very trifling, as the amount saved by the omission of one altar and one vestry chair and a smaller reading-desk would almost, if not quite, suffice for the purchase of a lectern.

I also have the honor to suggest that wherever it is desired by the Church Committee of a station, the same principle should be adopted for articles of church use provided now by the Department Public Works as for those mentioned above, *viz.*, that a definite sum be allowed for each article, proportioned to the class of church, and that the Church Committee be permitted to provide them. It would be more convenient and not more expensive to Government, while it would tend to stimulate the liberality of the congregation.

Extract, Para 2, of Proceedings of the Government of India, in the Home Department, No. 88, dated 20th March 1872.

PARA 2.—The Lord Bishop of Calcutta suggests that the "reading-desk" should be a simple desk, however appropriately shaped. His Lordship also considers it desirable that when a church is to be furnished, the Public Works Department should inform the Church Committee or Clergyman in charge of the amount sanctioned for the separate items, and thus give the community an opportunity of adding by private subscription to the elegance or convenience of any of the articles of furniture.

153. *The 31st August 1874.*

The following Rules, approved by the Chief Commissioner, are published for general information, ontinuation of Notification No. 5, dated the 23rd April 1873.

It having been brought to the notice of the Chief Commissioner that the privilege conceded to s of felling wood and bamboos free of charge for certain purposes has been greatly abused in parts ie country, the Chief Commissioner hereby directs that in future—

1. When an agriculturist, who pays land-*kandayam* for his fields to Government, requires wood cattle-sheds, he must produce before the Amildar of his taluk a certificate signed by the headman is village shewing the number of cattle possessed by the applicant, and that he is actually in need nreserved wood and bamboos for a cow-shed.

2. The Amildar will then estimate the quantity of unreserved wood and bamboos necessary (the e of such estimate not to exceed one year's *kandayam* payable by the applicant), and will grant a pass specifying the locality in which the wood is to be cut, the limit of time allowed, and other par-lars as shewn in the annexed form (Section 10).

3. The holder of such a free pass must, when called upon by any Police or Forest Officer, exhibit it voucher for his felling and carting away the wood. He must also fell and cart his wood to his vil- within the time allowed him. The headman of the village will then compare the quantity of wood bamboos brought in with that allowed, take away the free pass from the holder thereof, endorse it return it to the Amildar of the taluk. The Amildar will be held responsible that certificates are perly granted and checked, and that the passes are duly returned. Free wood and bamboos will only given when actually required, and not as an annual grant up to the value of a ryot's yearly *kandayam*.

4. Should the pass be granted for felling unreserved wood and bamboos in a Forest which it has n found necessary to close to the public, the holder must return the pass to the Amildar and get one wood to be felled in an open forest.

5. In taluks exempted from the ordinary operations of the Forest Rules, ryots requiring unreserved d and bamboos for building dwelling houses with, will be required to produce certificates and obtain ses in the manner laid down for the obtaining of wood and bamboos for the building of cattle-sheds.

6. No Amildar can grant a pass for felling wood or bamboos of any description in any State-Forest.

7. Any ryot, who shall be convicted of felling wood or bamboos for his cattle-sheds, or in the mpted taluks for house or cattle-sheds without having duly obtained a certificate and pass, or of returning a time-expired pass, or of exceeding the quantity granted him, shall be liable to the alties laid down in Section 35 of the Mysore Forest Rules.

8. Amildars will be held responsible that the privilege conceded to ryots of taking unreserved od and bamboos for agricultural purposes is not abused by them. The attention of all Amildars is led to the Chief Commissioner's Proceedings No. *633—51 of 25th April 1874, and Notification No. 5 of 23rd April 1873, which define the meaning of the word "Ryot" as used in the Forest Rules, and lay down the extent to which the mpted taluks are not under the ordinary operation of the Forest Rules.

Copy appended.

9. As there is no wish to curtail the just enjoyment of these privileges by those entitled thereto, Chief Commissioner will rely on District Officers seeing that no abuse of the privilege follows the ption of these rules, and that no needless or vexatious delay is allowed to occur in the issue or lization of the passes referred to.

From the Conservator of Forests, Mysore and Coorg, To the Offg. Secretary to the Chief Commissioner of Mysore, General Dept., Rev.-F, No. 3489, dated Camp Halleri, 6th March 1874.

I have the honor to request the Chief Commissioner's orders on the following questions asking for a definition of the words "cultivating *Ryot*" as used in the Forest Regulations.

Questions.	*Conservator's Opinion.*
1. Whether he who pays *kandayam* and cultivates his land himself is a *Ryot ?*	1. Yes.
2. Whether he who pays *kandayam*, but lets his land on "*Waram*" is a *Ryot ?*	2. Yes, (?)
3. Whether he who holds a *patta* and is, at the same time, a public servant, is a *Ryot ?*	3. If his *patta* is for land for which he pays *kandayam* as an agriculturist, Yes. If simply a *patta* for coffee or cardamom cultivation,—No. Coffee and cardamom pay an excise, not land tax.
4. Whether he who in fact holds no *patta*, but is a tenant of the *pattadar* and exempted from the plough tax and land tax, is a *Ryot ?*	4. It depends on the kind of *patta* held by the *pattadar*. If the *pattadar* has *ryots'* privileges and exercises them, and this is also allowed to the tenant of the *pattadar*, two men will be enjoying such privileges, paying Government but one tax. But the tenant should be considered a *ryot*, in preference to the *pattadar*, who might be held to have rented his rights.

No. 633—Rev.-F. 51, dated Bangalore, 25th April 1874.

Order thereon.—In the foregoing letter, the Conservator of Forests solicits instructions as to whether the individuals described by him come within the definition of the term "cultivating *Ryot*" as used in the Forest Regulations.

2. The opinion of the Conservator in respect of the first three classes is correct.

The fact of the *pattadar* being also a public servant makes no difference in his position as a *ryot* holding Government land. But the case is obviously different with the holders of land for coffee or cardamom cultivation. Under the rules in force, they already enjoy privileges in respect of the supply of wood which render it unnecessary to bring them under the category of a "cultivating *Ryot*."

3. With reference to the 4th and last question, the Chief Commissioner considers that the *pattadar* should alone be recognized as the ostensible "cultivating *Ryot*." The under-tenants will of course be entitled, like the non-agricultural classes, to the supply of firewood free of tax for *bonâ fide* domestic purposes; but they must be left to make their own arrangements with their *pattadar* for the supply of wood required by them for agricultural purposes.

Extract from the Proceedings of the Government of Bombay in the Revenue Department, No. 5330, dated 7th October 1874.

READ the following papers :—

Letter from Colonel H. W. Holland, Commissary General, To the Secretary to Government, in the Military Department, No. 78—3789, dated 28th August 1874.

I have the honor to forward for the information of His Excellency the Governor in Council, and for such action as may be deemed necessary, letters from the Superintendent, Government Cattle Farm, Alligaum, Nos. 78—285 and 78—287, dated 18th and 21st instant, (with accompaniment,) on a parasite which annually attacks so many sheep all over the country.

2. A phial containing a few of the parasites has been sent by post.

Letter from Lieut.-Colonel J. F. Berthon, Superintendent, Government Cattle Farm, To the Commissary General of the Army, Poona, No. 78—285, A[illegible]d 18th August 1874.

I have the honor to forward a report from Inspecting Veterinary Surgeon F. F. Collins, concerning the parasite which annually causes so many deaths among the Government sheep, and indeed among flocks all over the country.

2. I am greatly indebted to Mr. Collins for the trouble he has taken in investigating this subject, for, up to the present time, I have been totally at a loss to account for so many very sudden deaths among the sheep, although I had personally made hundreds of post mortem examinations, and also forwarded many carcases to Poona the last two or three years for the same purpose.

3. This most serious disease affects the sheep more or less all the year round, perhaps more severely in the rainy season, when grass is abundant. The first symptom is a distressing discharge at the nostrils which becomes more and more glutinous, until the sheep very often breathes with the greatest difficulty. The grubs are then supposed to have arrived at maturity, and drop out on the earth, forming a chrysalis. If not, the sheep dies. At present, at least eighty per cent of all sheep are afflicted with the disorder, and I believe that about fifty per cent are never free from it.

4. Mr. Collins recommends tar fumigations, but I fear great difficulty will be experienced in operating upon the large quantities of animals attacked; besides the greatest care is required in order that the sheep are not smothered during the process of fumigation. At the same time any antidote easy of appliance that may be discovered for the destruction of the parasite without injuring the animals, will prove the greatest boon to the country.

5. I beg to forward specimens of grubs which have been extracted from the head of a sheep which had died suddenly. I have seen more than 50 similar to these, many of them larger, taken out of the head of a single sheep.

6. I attribute my not having made the discovery before to the almost inaccessible positions in which the grubs have been found, *i. e.*, in the sinuses of the head, whereas my examinations were confined to the internal organs and brains.

Letter from F. F. Collins, Esq., Officiating Inspecting Veterinary Surgeon, To Colonel Berthon, Superintendent, Government Cattle Farm, No. 797, dated 14th August 1874.

In reply to your letter No. 78—272 of the 12th instant, relative to the disease which so largely affects the sheep of this neighbourhood, and which is producing so great a mortality among them, I have the honor to state that it arises from the larva of a fly which penetrates the sinuses of the head, and there becomes fully developed, setting up a copious discharge from the nostrils, and disease of the mucous membrane lining the air passages and ultimately invading the brain through the thin cribriform plate of the "Ethmoid" bone, and through which the olfactory nerve passes out.

The fly I believe to be the *Œstrus Ovis*, but I am about sending home the parasite, together with others, for identification, to the lecturer on parasitic life at the Royal Veterinary College, and will furnish you with the issue.

The ovum of the fly is deposited on the grass, and becomes attached to the nostrils of the sheep whilst grazing.

At home we generally find tar fumigations sufficient to remove the parasite, and the two sheep you so kindly forwarded to the school for treatment, have nearly recovered after three days only of such treatment. The discharge has now almost subsided, and liveliness and apparent health have supplanted dejection and disease.

P. S.—I forward you some of the grubs in spirits. You will perceive that they are now only half of their original size.

Letter from Lieutenant-Colonel J. F. Berthon, Superintendent, Government Cattle Farm, To the Commissary General of the Army, No. 78—287, A, dated 21st August 1874.

With reference to your memorandum No. 78—3560 of the 18th instant, I have the honor to forward another bottle of gentles which I extracted from the head of two sheep, in good condition, forming part of those killed for rations last evening.

2. It will be perceived that the generality of these are not so fully developed as those sent last to you. There were many more of the same sort destroyed during dissection, as I only had rude instruments to work with.

3. Secreted in different places in one head, I found upwards of a dozen large brown grubs dead, fully double the size of any that have yet been discovered; some few small white ones were however alive in many of the sinuses. The question is whether these parasites had not run their course from egg to chrysalis in the sinuses from which they were dissected, for they were so firmly imbedded as to almost preclude the idea that they could be naturally eliminated.

4. The above mentioned grubs have been preserved in spirits and handed over to Mr. Collins, with a request that he will kindly favor me with a further opinion on the subject.

5. Another bottle of these grubs will be forwarded to you in a day or two, as requested.

READ also the following Resolution of Government in the Military Department, No. 3441, dated 16th September 1874.

RESOLUTION.—Copies of these papers may be sent to the Revenue Department, for the information of District Officers, who may possibly have opportunities of gaining further information regarding the extent to which death amongst sheep is caused by parasites, and the measures adopted by native breeders for checking the mortality.

RESOLUTION.—These papers should be printed and copies forwarded to all District Officers, with a view to enquiry being made whether any cure for this parasite is known. Copies may also be sent to the Government of India for information.

2. The Oriental Translator should be requested to cause Mahratti translations of the substance of them to be made, with a view to their circulation in the Districts.

XII. In the case of towns, large villages, and villages in the vicinity of Railway stations, camping grounds, large marts and similar localities, the Patels of which are ordinarily called upon to perform heavy miscellaneous duties, an extra allowance not exceeding Rs. 15 per annum will be assigned

127

to the Patel (and where there are two Officiating Patels to each Patel) in addition to the salary of the office fixed by the scales in Rule VIII.

XIII. The gross revenue of the village, referred to in Rules V and VI, is the whole revenue leviable for any year before deducting any remissions.

XIV. Patels and Shanbhogs shall receive their emoluments by a deduction of the amount of the same from the assessment on their *kandayam* lands, the same being adjusted at each annual jamabandi and duly shewn accordingly in the village accounts, to prevent complications. Where the assessment on their lands is insufficient for this purpose, the balance will be made up by their deducting it from the last instalment of revenue, before paying such instalment into the Taluk Treasury. In this latter event, the receipt of the Patel or Shanbhog for the amount of such balance as so deducted shall be considered equivalent to the payment into the Treasury of an equal sum in cash.

XV. The amount of quit-rent fixed on the holding of each share-holder is fixed for the term of settlement, but the total emoluments of the officiators will be revised once after ten years, and will be modified according to the same scale in proportion to the revenues of the village as then realized.

XVI. When the assessment of the occupied arable land, (exclusive of alienations) in the year in which the settlement of remuneration of Village Officers is made, exceeds five-sixths of the assessment of the entire arable land (exclusive of alienations) in any village, the gross revenue of the year will be taken for the calculation of the remuneration of the officiators.

XVII. When the assessment of the arable land, specified in the preceding rule, in occupation in the year in which the settlement of the village officiators is made, falls short of five-sixths of the gross assessment of all the arable land (exclusive of alienations) in the village, then five-sixths of such gross assessment shall be taken for the calculation of the remuneration of the officiators.

XVIII. The existing official emoluments valued as provided for in Rules I and II will be appropriated for the support of the officiator in the manner specified in the following rules, and the balance of emoluments remaining, after providing for the officiator, is to be disposed of for the future in the manner also provided for in these rules.

XIX. The emoluments derived from land as fixed by Rule I shall first be appropriated to provide the salary of the officiator.

XX. When the emoluments derived from land are insufficient to provide the salary of the officiators, the cash emoluments from the Government Treasury will next be appropriated to make up the salary of the officiator.

XXI. Any deficiency, after appropriating all the emoluments from land and cash, shall be made good from the Government Treasury.

XXII. Any surplus on the existing emoluments in land and cash remaining over, after providing the salary of the officiator, shall be dealt with as follows.

XXIII. If the emoluments derived from land alone are more than sufficient to provide the salary of the officiator, the surplus shall be taxed by the imposition of additional *jodi* equal to one half the profits on the above land, the profits being the difference between the *jodi* payable thereon and the full survey assessment or valuation.

XXIV. Any surplus remaining out of the cash emoluments after providing the salary of the officiator shall be at once resumed by Government.

XXV. When the official land of any office is held in shares, and these shares, with the amount of *jodi* and other cesses now payable on each, are separately recorded in the village accounts, then the additional tax imposed upon the whole official land of the office under this rule is to be apportioned on the several shares in proportion to the sum by which the full survey assessment of the land of each share exceeds the present *jodi* and other cesses payable on the same, as shewn in the following example, in which the emolument of an officiator amounts to Rs. 30—0—0.

Names and Shares.	Survey assessment of the land of each share.	Deduct *jodi* cess now paid on each share.	Remaining profit on each share.	Addition to *jodi* in col: 3 apportioned on profit in col: 4 for payment of officiator.	Unappropriated excess of profits, being difference between cols. 4 and 5.	Additional half *jodi* on excess in last column.	Future *jodi* cess on each share being sum of cols. 3 5 and 7.

XXVI. In settling the amount of *jodi* to be paid upon each share, fractions of less amount than ½ rupee are not to be admitted into the accounts in accordance with the rule followed in regard to all survey assessments.

XXVII. Nothing contained in any of the preceding rules shall be considered as debarring any village hereditary officer from relinquishing his official land when so disposed; and every such officer shall, at any time, whether at or subsequent to the introduction of the settlement prescribed in these rules, be permitted to relinquish by written *Razinama* any entire field or fields into which official land may have been marked off by the Survey, and on so doing the relinquished field is immediately to be entered in the accounts as Government land, and the *jodi* tax payable by the hereditary officer is to be reduced by the full amount of the survey assessment of the relinquished fields.

XXVIII. The official land under the settlement prescribed in the foregoing rule will form no part of the remuneration of the officiator, who is to be paid wholly in cash, and the land will therefore remain in the possession of the sharers who may at present hold it.

XXIX. The charges of Shanbhogs will be redistributed so as to give each officiator as many villages as he is capable of managing. When more villages than form a sufficient charge are already in the hands of one officiator, he will be required to give up the surplus villages, for which one or more new officiators will be appointed by Government. The new officiator or officiators will be appointed from the family in which the *Hak* has been hitherto vested if a competent person can be found.

XXX. In all cases of incompetency of the officiator in direct hereditary succession, whether from age, sex, inefficiency, or any other cause, the next of kin, if competent, will be appointed; if no competent person of the family can be found, the nomination will rest with Government. Such nomination to hold good in case of a minority till the end of the year in which the minor shall attain full age (18 years); in other cases for 3 years, when the nomination will revert to the hereditary family if a competent person can be found therein.

XXXI. Any conviction of malversation in performance of official duties shall render the person convicted incompetent to officiate again, and shall deprive him, in cases of selection being vested in the members of the family, of any right to take part in such selection. It shall also be in the power of the District Officer to exclude the son of a person so convicted from any of the rights or privileges of the office so far as succession or election to the performance of the duties.

XXXII. The District Officer will be the sole judge of the competency or otherwise of the person on whom devolves the performance of the duties of an office.

XXXIII. In arranging charges, except in the case of single villages, as a rule no one officiator shall hold charge of villages with a collection of more than about Rs. 2,500, and when five or more villages are combined in one charge, no one officiator shall, as a rule, hold more villages than give a revenue of about Rs. 1,600.

XXXIV. In small villages where only one office, either Patel or Shanbhog, at present exists, or where both offices are vested in one person, he shall receive the full salary shewn by the Shanbhog's scale, and 50 per cent of the Patel's salary according to scale, so long as he continues to perform the duties of both offices.

XXXV. In large villages where there is no Patel, or where both offices have been vested in the same person, a Patel will be appointed by Government, or the one family holding both offices may be called upon to nominate a separate officiator for each office as may seem fit to Government.

XXXVI. By Circular Notification of the Commissioner of Mysore of the 11th September 1835, lands of village officers held on condition of service to Government are declared to be inalienable by sale, mortgage, gift or otherwise. The provisions of this Circular will be strictly enforced.

XXXVII. The remuneration of the Officiating Patels and Shanbhogs shall be fixed on the scale for each, and the sum payable to each officiator shall be his exclusive perquisite, on which no other member of the family shall have any claim.

XXXVIII. The Patel and Shanbhog shall in all cases reside in the village or one of the villages constituting their charge. No Patel or Shanbhog shall absent himself from his charge for more than seven days, without previously obtaining leave from the Amildar of the Taluk.

REVISED RULES FOR REMUNERATION OF PATELS AND SHANBHOGS.

II. Cash allowances from the Government Treasury, under whatever name they may be entered in the public accounts, shall be recorded at the amount so entered in the accounts of the year.

III. The sum total of the emoluments valued according to the above two rules is to be taken as the existing valuation of the emoluments of the office.

For the first thousand rupees of the gross revenues of his village, three per cent; for the second thousand or any part of it, two per cent; and for the balance of gross revenue beyond two thousand rupees, one per cent. In the case of villages where the collections do not exceed Rs. 300, he shall, in addition to the above percentages, receive a fixed annual allowance of one rupee when the gross revenue ranges from eleven to fifty rupees; of two rupees when the gross revenue ranges from 51 to 300 Rs.; or so much of it, when the gross revenue exceeds Rs. 250, as shall be required to make the salary up to but not exceed rupees ten per annum.

IX. The salaries of officiators fixed by the preceding rule form the minimum rate of remuneration; but an addition to the fixed portion of the officiator's allowance, according to scale, will be made in certain cases specified in the following subsidiary rules.

X. When the difference between the total of existing emoluments (as found by Rules I and II) and that as fixed by Rule V or VI falls short of rupees 5 in the case of villages having a gross revenue of less than Rs. 500, and of Rs. 10 in case of villages having a gross revenue in excess of Rs. 1,000, this difference shall be assigned as a permanent fixed allowance to the officiator in excess of his salary as fixed by Rule V or VI.

XI. When the total of existing emoluments is large, *viz.*, when it exceeds the salary of the officiator as fixed by Rule V or VI, 10 per cent of this excess will be assigned as a permanent fixed allowance to the officiator in excess of his salary as fixed by Rule V or VI.

XII. In the case of towns, large villages, and villages in the vicinity of Railway stations, camping grounds, large marts and similar localities, the Patels of which are ordinarily called upon to perform heavy miscellaneous duties, an extra allowance not exceeding Rs. 15 per annum will be assigned

to the Patel (and where there are two Officiating Patels to each Patel) in addition to the salary of the office fixed by the scales in Rule VIII.

XIII. The gross revenue of the village, referred to in Rules V and VI, is the whole revenue leviable for any year before deducting any remissions.

XIV. Patels and Shanbhogs shall receive their emoluments by a deduction of the amount of the same from the assessment on their *kandayam* lands, the same being adjusted at each annual jamabandi and duly shewn accordingly in the village accounts, to prevent complications. Where the assessment on their lands is insufficient for this purpose, the balance will be made up by their deducting it from the last instalment of revenue, before paying such instalment into the Taluk Treasury. In this latter event, the receipt of the Patel or Shanbhog for the amount of such balance as so deducted shall be considered equivalent to the payment into the Treasury of an equal sum in cash.

XV. The amount of quit-rent fixed on the holding of each share-holder is fixed for the term of settlement, but the total emoluments of the officiators will be revised once after ten years, and will be modified according to the same scale in proportion to the revenues of the village as then realized.

XVI. When the assessment of the occupied arable land, (exclusive of alienations) in the year in which the settlement of remaneration of Village Officers is made, exceeds five-sixths of the assessment of the entire arable land (exclusive of alienations) in any village, the gross revenue of the year will be taken for the calculation of the remuneration of the officiators.

XVII. When the assessment of the arable land, specified in the preceding rule, in occupation in the year in which the settlement of the village officiators is made, falls short of five-sixths of the gross assessment of all the arable land (exclusive of alienations) in the village, then five-sixths of such gross assessment shall be taken for the calculation of the remuneration of the officiators.

XVIII. The existing official emoluments valued as provided for in Rules I and II will be appropriated for the support of the officiator in the manner specified in the following rules, and the balance of emoluments remaining, after providing for the officiator, is to be disposed of for the future in the manner also provided for in these rules.

XIX. The emoluments derived from land as fixed by Rule I shall first be appropriated to provide the salary of the officiator.

XX. When the emoluments derived from land are insufficient to provide the salary of the officiators, the cash emoluments from the Government Treasury will next be appropriated to make up the salary of the officiator.

XXI. Any deficiency, after appropriating all the emoluments from land and cash, shall be made good from the Government Treasury.

XXII. Any surplus on the existing emoluments in land and cash remaining over, after providing the salary of the officiator, shall be dealt with as follows.

XXIII. If the emoluments derived from land alone are more than sufficient to provide the salary of the officiator, the surplus shall be taxed by the imposition of additional *jodi* equal to one half the profits on the above land, the profits being the difference between the *jodi* payable thereon and the full survey assessment or valuation.

XXIV. Any surplus remaining out of the cash emoluments after providing the salary of the officiator shall be at once resumed by Government.

XXV. When the official land of any office is held in shares, and these shares, with the amount of *jodi* and other cesses now payable on each, are separately recorded in the village accounts, then the additional tax imposed upon the whole official land of the office under this rule is to be apportioned on the several shares in proportion to the sum by which the full survey assessment of the land of each share exceeds the present *jodi* and other cesses payable on the same, as shewn in the following example, in which the emolument of an officiator amounts to Rs. 30—0—0.

XXVI. In settling the amount of *jodi* to be paid upon each share, fractions of less amount than ½ rupee are not to be admitted into the accounts in accordance with the rule followed in regard to all survey assessments.

XXVII. Nothing contained in any of the preceding rules shall be considered as debarring any village hereditary officer from relinquishing his official land when so disposed ; and every such officer shall, at any time, whether at or subsequent to the introduction of the settlement prescribed in these rules, be permitted to relinquish by written *Razinama* any entire field or fields into which official land may have been marked off by the Survey, and on so doing the relinquished field is immediately to be entered in the accounts as Government land, and the *jodi* tax payable by the hereditary officer is to be reduced by the full amount of the survey assessment of the relinquished fields.

XXVIII. The official land under the settlement prescribed in the foregoing rule will form no part of the remuneration of the officiator, who is to be paid wholly in cash, and the land will therefore remain in the possession of the sharers who may at present hold it.

XXIX. The charges of Shanbhogs will be redistributed so as to give each officiator as many villages as he is capable of managing. When more villages than form a sufficient charge are already in the hands of one officiator, he will be required to give up the surplus villages, for which one or more new officiators will be appointed by Government. The new officiator or officiators will be appointed from the family in which the *Hak* has been hitherto vested if a competent person can be found.

XXX. In all cases of incompetency of the officiator in direct hereditary succession, whether from age, sex, inefficiency, or any other cause, the next of kin, if competent, will be appointed ; if no competent person of the family can be found, the nomination will rest with Government. Such nomination to hold good in case of a minority till the end of the year in which the minor shall attain full age (18 years); in other cases for 3 years, when the nomination will revert to the hereditary family if a competent person can be found therein.

XXXI. Any conviction of malversation in performance of official duties shall render the person convicted incompetent to officiate again, and shall deprive him, in cases of selection being vested in the members of the family, of any right to take part in such selection. It shall also be in the power of the District Officer to exclude the son of a person so convicted from any of the rights or privileges of the office so far as succession or election to the performance of the duties.

XXXII. The District Officer will be the sole judge of the competency or otherwise of the person on whom devolves the performance of the duties of an office.

XXXIII. In arranging charges, except in the case of single villages, as a rule no one officiator shall hold charge of villages with a collection of more than about Rs. 2,500, and when five or more villages are combined in one charge, no one officiator shall, as a rule, hold more villages than give a revenue of about Rs. 1,600.

XXXIV. In small villages where only one office, either Patel or Shanbhog, at present exists, or where both offices are vested in one person, he shall receive the full salary shewn by the Shanbhog's scale, and 50 per cent of the Patel's salary according to scale, so long as he continues to perform the duties of both offices.

XXXV. In large villages where there is no Patel, or where both offices have been vested in the same person, a Patel will be appointed by Government, or the one family holding both offices may be called upon to nominate a separate officiator for each office as may seem fit to Government.

XXXVI. By Circular Notification of the Commissioner of Mysore of the 11th September 1835, lands of village officers held on condition of service to Government are declared to be inalienable by sale, mortgage, gift or otherwise. The provisions of this Circular will be strictly enforced.

XXXVII. The remuneration of the Officiating Patels and Shanbhogs shall be fixed on the scale for each, and the sum payable to each officiator shall be his exclusive perquisite, on which no other member of the family shall have any claim.

XXXVIII. The Patel and Shanbhog shall in all cases reside in the village or one of the villages constituting their charge. No Patel or Shanbhog shall absent himself from his charge for more than seven days, without previously obtaining leave from the Amildar of the Taluk.

No. 227. *The 3rd November* 1874.

From intelligence received by the Chief Commissioner it appears probable that the present arrangements, under which, owing to the breaks in the north-west line of Railway, Her Majesty's Mails to and from the Madras Presidency are conveyed through Mysore Territory, will be continued for some time. The following instructions are therefore issued for the guidance of all servants of the Mysore Government in the undermentioned taluks through which the Mails pass :—

Bangalore.	Hiriyur.
Nelamangala.	Dodéri.
Túmkúr.	Molkálmuru.
Sira.	

1. As a general rule, except for the conveyance of banghy parcels, runners should be employed. The weight of the bags entrusted to runners must not exceed 20 lbs (800 Rs. weight). None of the bags despatched by runners from Bangalore will exceed this weight, and any bags arriving from Bellary which may be of greater weight, will, as soon as possible, after they pass the frontier, be transferred for conveyance by bullock transits or carts.

2. The runners should be expected to travel at the rate of not less than five miles per hour, including stoppages. As the employment of one bad runner will delay the whole batch with which he travels, care should be taken that none but good runners are entertained.

3. Banghy parcels are not to be handed over to the runners. These will be conveyed in bullock transits or carts, and the runners should not be delayed on their account.

4. If the Amildars or Anche officials see reason to apprehend that there will, at any portion of the road, be a deficiency of runners from any cause, they are authorized to have the whole or any portion of the Mails conveyed in bullock transits or carts.

5. Amildars should therefore see that a sufficient number of bullocks are held in readiness along the road.

6. The bullock drivers must not be trusted, and a Police or Revenue peon should be placed in charge of each transit or cart in order to guard the Mails and see that a proper rate of speed is kept up.

7. Under the orders of Major Stewart, the Military Assistant, the Mysore Siledars have been directed to post themselves along the road. One Siledar will be expected to accompany each batch of runners.

It will be the duty of the Siledars to encourage the runners, to prevent delay occasioned by parley and disputes between them at the several stages, and to keep up a chain of communication. The Siledar in charge of a relay should ride on in front during the last half mile of a stage, and see that the next relay is ready. He should also report any inefficient or ill-conducted runners.

8. But the Siledars are expressly warned against striking or in any way molesting the runners. Such conduct would cause the desertion of the runners and the consequent break-down of the line.

9. The extra runners are to be paid regularly daily if possible. With this object, Amildars are authorized to take from the treasury a permanent advance of Rs. 30, and adjust it by sending in bills to the District Treasury.

10. During the continuance of the present postal crisis, Amildars on the line of route are prohibited from leaving their Kasba stations except on occasions of emergency, or except to visit a place on the road traversed by the Mails. This order does not apply to the Amildar of Bangalore.

11. The Anche Mutsaddi at each station will keep an account of the number of bags which pass his station both ways, stating the exact time, and should be careful in checking the way-bills. Any suspicious circumstance should be at once reported by him both to the Amildar of the Taluk and to the Anche Bakshi.

12. The instructions of the Anche Bakshi, who will for the present remain upon the line of road, should be carefully attended to.

13. Village Officers who fail to co-operate readily in the arrangements for the conveyance of the Mails will be liable to dismissal from office.

The following Revised Rules for remuneration of Patels and Shanbhogs in Mysore are promulgated for general information in lieu of those published at pages 272—274 of the *Mysore Gazette*, No 13, dated 26th June 1869.

REVISED RULES FOR REMUNERATION OF PATELS AND SHANBHOGS.

I. All official land, whether recorded as *inam* or *jodi inam*, or otherwise, shall be valued at the survey assessment of the same, less the amount of the *jodi* tax or other cesses to which it may be subject as recorded in the public accounts of the year.

II. Cash allowances from the Government Treasury, under whatever name they may be entered in the public accounts, shall be recorded at the amount so entered in the accounts of the year.

III. The sum total of the emoluments valued according to the above two rules is to be taken as the existing valuation of the emoluments of the office.

IX. The salaries of officiators fixed by the preceding rule form the minimum rate of remuneration; but an addition to the fixed portion of the officiator's allowance, according to scale, will be made in certain cases specified in the following subsidiary rules.

X. When the difference between the total of existing emoluments (as found by Rules I and II) and that as fixed by Rule V or VI falls short of rupees 5 in the case of villages having a gross revenue of less than Rs. 500, and of Rs. 10 in case of villages having a gross revenue in excess of Rs. 1,000, this difference shall be assigned as a permanent fixed allowance to the officiator in excess of his salary as fixed by Rule V or VI.

XI. When the total of existing emoluments is large, *viz.*, when it exceeds the salary of the officiator as fixed by Rule V or VI, 10 per cent of this excess will be assigned as a permanent fixed allowance to the officiator in excess of his salary as fixed by Rule V or VI.

XII. In the case of towns, large villages, and villages in the vicinity of Railway stations, camping grounds, large marts and similar localities, the Patels of which are ordinarily called upon to perform heavy miscellaneous duties, an extra allowance not exceeding Rs. 15 per annum will be assigned

to the Patel (and where there are two Officiating Patels to each Patel) in addition to the salary of the office fixed by the scales in Rule VIII.

XIII. The gross revenue of the village, referred to in Rules V and VI, is the whole revenue leviable for any year before deducting any remissions.

XIV. Patels and Shanbhogs shall receive their emoluments by a deduction of the amount of the same from the assessment on their *kandayam* lands, the same being adjusted at each annual jamabandi and duly shewn accordingly in the village accounts, to prevent complications. Where the assessment on their lands is insufficient for this purpose, the balance will be made up by their deducting it from the last instalment of revenue, before paying such instalment into the Taluk Treasury. In this latter event, the receipt of the Patel or Shanbhog for the amount of such balance as so deducted shall be considered equivalent to the payment into the Treasury of an equal sum in cash.

XV. The amount of quit-rent fixed on the holding of each share-holder is fixed for the term of settlement, but the total emoluments of the officiators will be revised once after ten years, and will be modified according to the same scale in proportion to the revenues of the village as then realized.

XVI. When the assessment of the occupied arable land, (exclusive of alienations) in the year in which the settlement of remuneration of Village Officers is made, exceeds five-sixths of the assessment of the entire arable land (exclusive of alienations) in any village, the gross revenue of the year will be taken for the calculation of the remuneration of the officiators.

XVII. When the assessment of the arable land, specified in the preceding rule, in occupation in the year in which the settlement of the village officiators is made, falls short of five-sixths of the gross assessment of all the arable land (exclusive of alienations) in the village, then five-sixths of such gross assessment shall be taken for the calculation of the remuneration of the officiators.

XVIII. The existing official emoluments valued as provided for in Rules I and II will be appropriated for the support of the officiator in the manner specified in the following rules, and the balance of emoluments remaining, after providing for the officiator, is to be disposed of for the future in the manner also provided for in these rules.

XIX. The emoluments derived from land as fixed by Rule I shall first be appropriated to provide the salary of the officiator.

XX. When the emoluments derived from land are insufficient to provide the salary of the officiators, the cash emoluments from the Government Treasury will next be appropriated to make up the salary of the officiator.

XXI. Any deficiency, after appropriating all the emoluments from land and cash, shall be made good from the Government Treasury.

XXII. Any surplus on the existing emoluments in land and cash remaining over, after providing the salary of the officiator, shall be dealt with as follows.

XXIII. If the emoluments derived from land alone are more than sufficient to provide the salary of the officiator, the surplus shall be taxed by the imposition of additional *jodi* equal to one half the profits on the above land, the profits being the difference between the *jodi* payable thereon and the full survey assessment or valuation.

XXIV. Any surplus remaining out of the cash emoluments after providing the salary of the officiator shall be at once resumed by Government.

XXV. When the official land of any office is held in shares, and these shares, with the amount of *jodi* and other cesses now payable on each, are separately recorded in the village accounts, then the additional tax imposed upon the whole official land of the office under this rule is to be apportioned on the several shares in proportion to the sum by which the full survey assessment of the land of each share exceeds the present *jodi* and other cesses payable on the same, as shewn in the following example, in which the emolument of an officiator amounts to Rs. 30—0—0.

Names and Shares.	Survey assessment of the land of each share.	Deduct *jodi* cess now paid on each share.	Remaining profit on each share.	Addition to *jodi* in col: 3 apportioned on profit in col: 4 for payment of officiator.	Unappropriated excess of profits, being difference between cols. 4 and 5.	Additional half *jodi* on excess in last column.	Future *jodi* cess on each share being sum of cols. 3 5 and 7.

XXVI. In settling the amount of *jodi* to be paid upon each share, fractions of less amount than ½ rupee are not to be admitted into the accounts in accordance with the rule followed in regard to all survey assessments.

XXVII. Nothing contained in any of the preceding rules shall be considered as debarring any village hereditary officer from relinquishing his official land when so disposed ; and every such officer shall, at any time, whether at or subsequent to the introduction of the settlement prescribed in these rules, be permitted to relinquish by written *Razinama* any entire field or fields into which official land may have been marked off by the Survey, and on so doing the relinquished field is immediately to be entered in the accounts as Government land, and the *jodi* tax payable by the hereditary officer is to be reduced by the full amount of the survey assessment of the relinquished fields.

XXVIII. The official land under the settlement prescribed in the foregoing rule will form no part of the remuneration of the officiator, who is to be paid wholly in cash, and the land will therefore remain in the possession of the sharers who may at present hold it.

XXIX. The charges of Shanbhogs will be redistributed so as to give each officiator as many villages as he is capable of managing. When more villages than form a sufficient charge are already in the hands of one officiator, he will be required to give up the surplus villages, for which one or more new officiators will be appointed by Government. The new officiator or officiators will be appointed from the family in which the *Hak* has been hitherto vested if a competent person can be found.

XXX. In all cases of incompetency of the officiator in direct hereditary succession, whether from age, sex, inefficiency, or any other cause, the next of kin, if competent, will be appointed ; if no competent person of the family can be found, the nomination will rest with Government. Such nomination to hold good in case of a minority till the end of the year in which the minor shall attain full age (18 years); in other cases for 3 years, when the nomination will revert to the hereditary family if a competent person can be found therein.

XXXI. Any conviction of malversation in performance of official duties shall render the person convicted incompetent to officiate again, and shall deprive him, in cases of selection being vested in the members of the family, of any right to take part in such selection. It shall also be in the power of the District Officer to exclude the son of a person so convicted from any of the rights or privileges of the office so far as succession or election to the performance of the duties.

XXXII. The District Officer will be the sole judge of the competency or otherwise of the person on whom devolves the performance of the duties of an office.

XXXIII. In arranging charges, except in the case of single villages, as a rule no one officiator shall hold charge of villages with a collection of more than about Rs. 2,500, and when five or more villages are combined in one charge, no one officiator shall, as a rule, hold more villages than give a revenue of about Rs. 1,600.

XXXIV. In small villages where only one office, either Patel Shanbhog, at present exists, or where both offices are vested in one person, he shall receive the full salary shewn by the Shanbhog's scale, and 50 per cent of the Patel's salary according to scale, so long as he continues to perform the duties of both offices.

XXXV. In large villages where there is no Patel, or where both offices have been vested in the same person, a Patel will be appointed by Government, or the one family holding both offices may be called upon to nominate a separate officiator for each office as may seem fit to Government.

XXXVI. By Circular Notification of the Commissioner of Mysore of the 11th September 1835, lands of village officers held on condition of service to Government are declared to be inalienable by sale, mortgage, gift or otherwise. The provisions of this Circular will be strictly enforced.

XXXVII. The remuneration of the Officiating Patels and Shanbhogs shall be fixed on the scale for each, and the sum payable to each officiator shall be his exclusive perquisite, on which no other member of the family shall have any claim.

XXXVIII. The Patel and Shanbhog shall in all cases reside in the village or one of the villages constituting their charge. No Patel or Shanbhog shall absent himself from his charge for more than seven days, without previously obtaining leave from the Amildar of the Taluk.

READ the following :—

Office Memo by Major-General H. W. Norman, Secretary to the Government of India, Military Department, No. 933, dated 28th December 1869.

In reply to Financial Department memorandum No. 4215,* dated 20th October 1869, enquiring whether a medical officer holding one of the appointments the salaries of which are laid down in Government General Order No. 370 of 1867, should, during absence on leave in India under the Furlough Rules of 1854, be granted absentee allowance under Government General Order No. 953 of 1864, or under para 9 of Government General Order, No. 370 of 1867, the undersigned has the honor to state that the rule laid down in para 9 of Government General Order No. 370 of 1867 is in supersession of all former rules on the subject. Accordingly a medical officer holding one of the appointments laid down in that order would, if in military employ, receive the absentee allowance admissible under that rule, provided it was not less than the pay of his grade. If it was less than his grade pay, he would be allowed pay on the new scale and half staff, *plus* the sum required to make his total receipts equal to his grade pay. In elucidation of this, an example is given in the margin.

REVISED RULES FOR REMUNERATION OF PATELS AND SHANBHOGS.

I. All official land, whether recorded as *inam* or *jodi inam*, or otherwise, shall be valued at the survey assessment of the same, less the amount of the *jodi* tax or other cesses to which it may be subject as recorded in the public accounts of the year.

II. Cash allowances from the Government Treasury, under whatever name they may be entered in the public accounts, shall be recorded at the amount so entered in the accounts of the year.

III. The sum total of the emoluments valued according to the above two rules is to be taken as the existing valuation of the emoluments of the office.

Patels' Scale.

V. For the first thousand rupees of the gross revenues of his village, three per cent; for the second thousand or any part of it, two per cent; and for the balance of gross revenue beyond two thousand rupees, one per cent. In the case of villages where the collections do not exceed Rs. 300, he shall, in addition to the above percentages, receive a fixed annual allowance of one rupee when the gross revenue ranges from eleven to fifty rupees; of two rupees when the gross revenue ranges from 51 to 300 Rs.; or so much of it, when the gross revenue exceeds Rs. 250, as shall be required to make the salary up to but not exceed rupees ten per annum.

IX. The salaries of officiators fixed by the preceding rule form the minimum rate of remuneration; but an addition to the fixed portion of the officiator's allowance, according to scale, will be made in certain cases specified in the following subsidiary rules.

X. When the difference between the total of existing emoluments (as found by Rules I and II) and that as fixed by Rule V or VI falls short of rupees 5 in the case of villages having a gross revenue of less than Rs. 500, and of Rs. 10 in case of villages having a gross revenue in excess of Rs. 1,000, this difference shall be assigned as a permanent fixed allowance to the officiator in excess of his salary as fixed by Rule V or VI.

XI. When the total of existing emoluments is large, *viz.*, when it exceeds the salary of the officiator as fixed by Rule V or VI, 10 per cent of this excess will be assigned as a permanent fixed allowance to the officiator in excess of his salary as fixed by Rule V or VI.

XII. In the case of towns, large villages, and villages in the vicinity of Railway stations, camping grounds, large marts and similar localities, the Patels of which are ordinarily called upon to perform heavy miscellaneous duties, an extra allowance not exceeding Rs. 15 per annum will be assigned to the Patel (and where there are two Officiating Patels to each Patel) in addition to the salary of the office fixed by the scales in Rule VIII.

XIII. The gross revenue of the village, referred to in Rules V and VI, is the whole revenue leviable for any year before deducting any remissions.

XIV. Patels and Shanbhogs shall receive their emoluments by a deduction of the amount of the same from the assessment on their *kandayam* lands, the same being adjusted at each annual jamabandi and duly shewn accordingly in the village accounts, to prevent complications. Where the assessment on their lands is insufficient for this purpose, the balance will be made up by their deducting it from the last instalment of revenue, before paying such instalment into the Taluk Treasury. In this latter event, the receipt of the Patel or Shanbhog for the amount of such balance as so deducted shall be considered equivalent to the payment into the Treasury of an equal sum in cash.

XV. The amount of quit-rent fixed on the holding of each share-holder is fixed for the term of settlement, but the total emoluments of the officiators will be revised once after ten years, and will be modified according to the same scale in proportion to the revenues of the village as then realized.

XVI. When the assessment of the occupied arable land, (exclusive of alienations) in the year in which the settlement of remuneration of Village Officers is made, exceeds five-sixths of the assessment of the entire arable land (exclusive of alienations) in any village, the gross revenue of the year will be taken for the calculation of the remuneration of the officiators.

XVII. When the assessment of the arable land, specified in the preceding rule, in occupation in the year in which the settlement of the village officiators is made, falls short of five-sixths of the gross assessment of all the arable land (exclusive of alienations) in the village, then five-sixths of such gross assessment shall be taken for the calculation of the remuneration of the officiators.

XVIII. The existing official emoluments valued as provided for in Rules I and II will be appropriated for the support of the officiator in the manner specified in the following rules, and the balance of emoluments remaining, after providing for the officiator, is to be disposed of for the future in the manner also provided for in these rules.

XIX. The emoluments derived from land as fixed by Rule I shall first be appropriated to provide the salary of the officiator.

XX. When the emoluments derived from land are insufficient to provide the salary of the officiators, the cash emoluments from the Government Treasury will next be appropriated to make up the salary of the officiator.

XXI. Any deficiency, after appropriating all the emoluments from land and cash, shall be made good from the Government Treasury.

XXII. Any surplus on the existing emoluments in land and cash remaining over, after providing the salary of the officiator, shall be dealt with as follows.

XXIII. If the emoluments derived from land alone are more than sufficient to provide the salary of the officiator, the surplus shall be taxed by the imposition of additional *jodi* equal to one half the profits on the above land, the profits being the difference between the *jodi* payable thereon and the full survey assessment or valuation.

XXIV. Any surplus remaining out of the cash emoluments after providing the salary of the officiator shall be at once resumed by Government.

XXV. When the official land of any office is held in shares, and these shares, with the amount of *jodi* and other cesses now payable on each, are separately recorded in the village accounts, then the additional tax imposed upon the whole official land of the office under this rule is to be apportioned on the several shares in proportion to the sum by which the full survey assessment of the land of each share exceeds the present *jodi* and other cesses payable on the same, as shewn in the following example, in which the emolument of an officiator amounts to Rs. 30—0—0.

Names and Shares.	Survey assessment of the land of each share.	Deduct *jodi* cess now paid on each share.	Remaining profit on each share.	Addition to *jodi* in col: 3 apportioned on profit in col: 4 for payment of officiator.	Unappropriated excess of profits, being difference between cols. 4 and 5.	Additional half *jodi* on excess in last column.	Future *jodi* cess on each share being sum of cols. 3 5 and 7.

XXVI. In settling the amount of *jodi* to be paid upon each share, fractions of less amount than ½ rupee are not to be admitted into the accounts in accordance with the rule followed in regard to all survey assessments.

XXVII. Nothing contained in any of the preceding rules shall be considered as debarring any village hereditary officer from relinquishing his official land when so disposed; and every such officer shall, at any time, whether at or subsequent to the introduction of the settlement prescribed in these rules, be permitted to relinquish by written *Razinama* any entire field or fields into which official land may have been marked off by the Survey, and on so doing the relinquished field is immediately to be entered in the accounts as Government land, and the *jodi* tax payable by the hereditary officer is to be reduced by the full amount of the survey assessment of the relinquished fields.

XXVIII. The official land under the settlement prescribed in the foregoing rule will form no part of the remuneration of the officiator, who is to be paid wholly in cash, and the land will therefore remain in the possession of the sharers who may at present hold it.

XXIX. The charges of Shanbhogs will be redistributed so as to give each officiator as many villages as he is capable of managing. When more villages than form a sufficient charge are already in the hands of one officiator, he will be required to give up the surplus villages, for which one or more new officiators will be appointed by Government. The new officiator or officiators will be appointed from the family in which the *Hak* has been hitherto vested if a competent person can be found.

XXX. In all cases of incompetency of the officiator in direct hereditary succession, whether from age, sex, inefficiency, or any other cause, the next of kin, if competent, will be appointed; if no

competent person of the family can be found, the nomination will rest with Government. READ AGAIN—

Financial Order No. 3362, dated 30th November 1870, suggesting that it would be expedient to instruct the Courts to cause the stamp labels affixed to copies, certificates, and other documents issued by them and liable to a fee under "the Court Fees' Act, 1870" (Act No. VII of 1870), to be cancelled at the time they are affixed.

READ—

A letter from the Government of Bombay, No. 4194—179, R, dated 7th August 1874, stating that the course suggested in the above order is apparently at variance with the provisions of the law as at present enacted.

RESOLUTION.—On a re-perusal of the Court Fees' Act, 1870, the Governor General in Council observes that the Act contains clear provisions as to cancellation which should be followed.

2. Under Section 30, the stamp can only be cancelled by the Court or Office receiving the document to which the stamp has been affixed. Such cancellation can be effected in one way only, namely, by punching out the figure-head, and this cannot be done twice. Consequently the only time a stamp can be cancelled is when the document to which it is attached is filed or acted upon.

3. His Excellency in Council is accordingly pleased to decide that the cancellation of the stamps affixed to "true copies" of papers issued by a Court should be effected by the Court receiving such documents, officers when attesting "true copies" should, however, draw their pen across the stamp.

ORDERED, that a copy of the foregoing Resolution be forwarded to the Government of Bombay, with reference to that Government's letter No. 4194—179, R, dated 7th August 1874, to the other Local Governments and Administrations for information and guidance, in modification of Financial Order No. 3362, dated 30th November 1870, and to the Legislative Department for information.

SCHOOL OF ENGINEERING AND NATURAL SCIENCE.

No. 247. *The 20th November* 1874.

With the sanction of His Excellency the Governor General in Council conveyed in the despatch noted in the margin, a school for the education of natives for the Departments of (1) Public Works, (2) Revenue Survey and Settlement, and (3) Forests, will be established in connection with the Bangalore High School, on or about the 1st of April 1875, under the designation of the "School of Engineering and Natural Science." The school will consist of two departments termed Upper and Lower Divisions designed respectively to furnish employés for the Upper and Subordinate Establishments of the Departments referred to above.

No. 1940, F., dated 4th September 1874.

2. The selection of candidates for nomination to the Upper and Lower Divisions of the school respectively will be made annually in the month of March, under the orders of the Chief Commissioner, and will be restricted to youths of not less than 17 or more than 22 years of age, of good health and physique, (as certified by competent medical authority), of active habits and who are prepared to serve in any part of the Province of Mysore.

3. All candidates for the Upper Division of the school must previously to nomination have passed the University "First-in-Arts" Examination. Those for the Lower Division who are intended to fill grades corresponding with the present Upper Subordinate Establishment of the Public Works Department must similarly have passed the University "Matriculation" Examination. Candidates for employment in the grades corresponding with the present Lower Subordinate Establishment of the Department Public Works, will be subjected to an entrance examination in Arithmetic, Kanarese and English.

4. If the number of approved candidates for either division of the school is in excess of the number required, the Chief Commissioner may, at his discretion, direct that selection be governed by a competitive examination in Mathematics, English and Kanarese.

5. Nominations will be made in the first instance without reference to the special department of the public service to which the pupils will ultimately be appointed. The first half of the course prescribed for both divisions will be occupied with such subjects as are common to the requirements of all three departments of the service. At the conclusion of the first half of the course, the students will be allotted to the several departments of the service, selection being made as far as possible with reference to the aptitude and inclination of each student. Thenceforth the education of the students will be conducted with reference to the special requirements of the department of the service to which they are assigned.

6. An engagement will be taken from all candidates previously to final nomination, binding themselves with two securities in the sum of Rs. 2,000 for the Upper and Rs. 500 for the Lower Department, to serve the Mysore State, if required, in the Department to which they may be ultimately assigned, in any part of the Province to which they may be sent, for a term of not less than five years from the date of their final admission to the service.

7. The course of instruction in the Upper Division for pupils under training for the superior grades of the departments specified in the 1st para of this order will ordinarily occupy three years. The term may be abridged in the case of any student who is able to complete the course in a less period.

The fee for pupils while under instruction in this Division is fixed at Rs. 15 per mensem payable quarterly in advance, and they will provide their own books, instruments, &c.

The course of instruction for students in the Upper Division will embrace the following subjects :—

I. Mathematics.
II. Natural Philosophy.
III. Mensuration and Estimate making.
IV. Surveying and Levelling.
V. Constructive Engineering.
VI. Architectural and Topographical drawing.
VII. Natural Science, including botany and vegetable physiology, chemistry, geology and meteorology (for candidates for the Revenue Survey and Forest Departments.)

8. The course of instruction in the Lower Division will ordinarily occupy two years, but the term may be abridged as in the case of the Upper Form.

Students while under training in this Division will receive from Government a monthly allowance of Rs. 8—0—0 per mensem during the first year, and Rs. 12 per mensem during the second year of the course, provided that no student shall be advanced to the higher scale of pay, whose conduct and progress do not in the opinion of the Principal entitle him thereto. Students in the Lower Division will be required to find their own books and instruments.

9. The course for the Lower Division will embrace the following subjects :—

I. Mathematics.
II. Surveying and Levelling.
III. Engineering.
IV. Drawing and Estimating.
V. Account and Book-Keeping.
VI. Elements of botany and vegetable physiology, chemistry and geology (for candidates for the Revenue Survey and Forest Departments.)

The course for candidates for the Lower Subordinate Establishment will be less difficult in degree than that to which candidates for the Upper Subordinate Establishment will be subjected.

10. Quarterly examinations will be held to test the progress of the students in both Divisions, and any student who fails to satisfy the Examiner at such examinations, or who is considered unlikely to attain the required proficiency within the period prescribed for the course, will be reported, in view to his removal from the school, in which case he will forfeit his claim to an appointment under Government. Cases of marked misconduct on the part of any pupil will be similarly reported with the same object.

At the close of the course a final examination will be held designed to test the general profici-

209

ency of the students in each division of the school. Seniority in the several grades and departments will be determined by the result of this examination.

11. These students who pass will join the departments to which they are assigned, in the order of their passing, on probation for one year, at the end of which period, if they give satisfaction they will be confirmed and will thereafter be fully eligible for promotion. The appointments in the several departments of the Mysore service, for promotion to which in due course passed students will be eligible on the satisfactory completion of their term of probation, are as follows :—

Notifications by the Chief Commissioner of Coorg.

GENERAL.

NOTIFICATION.

No. 18. *The 17th November* 1874.

The following Rules for the appointment of Patels in Coorg are published for general information :—

RULES FOR THE APPOINTMENT OF PATELS.

1. The Patels in Coorg are remunerated by land held on gaud-umbli tenure or by payments in money which vary according to the revenue of the village.

2. Such emoluments shall be considered as inalienable from the offices to which they are annexed, whether by mortgage, sale, gift, or otherwise, and they shall not be liable to attachment or other process in satisfaction of judicial decrees.

3. The Patelships shall, as a general rule, be considered hereditary, but in any case in which it may appear to the Superintendent that the hereditary claimant is from old age, incurable disease, incapacity, or bad character, unfit for the office, the Superintendent shall be competent to appoint in his stead one of his male relations, *viz.*, a son, an undivided brother or a grand-son, and in their absence cousins and more distant relations, provided they possess the requisite qualifications for the office. If there be no qualified male relative, any other land-holder residing in the village who may be best suited to the office by his position and qualifications may be nominated, for the period during which no qualified member of the hereditary family may be available. If no qualified member of the old family be forthcoming for twenty years, the Patelship will be finally confirmed to the family of the new Patel.

4. When the heir of a Patel is a minor, the Superintendent will select a qualified relative, or, if none be qualified, a Gumasta may be appointed to act as Patel until the minor attains his majority.

5. The Government may dismiss from employment a Patel found guilty of misconduct. In such a case his rights will not generally be confiscated to the State, but will be continued to his heirs unless the offence was a serious one, committed in the execution of his official duty. The Superintendent may select the successor of the dismissed Patel in the office and the rights attached thereto, and a divided brother or cousin of the dismissed Patel having no joint interest with him if in all respects fitted therefor will be eligible to succeed.

6. In many instances, particularly in North Coorg, there are two or three Patels in one village. The office being held by more than one man causes a division of responsibility which is often detrimental to the interests of Government, and though it is not desired that present incumbents should be interfered with, an investigation will be made on the death of a joint holder in view to deciding whether the family of the deceased or that of any of the surviving incumbents has a better title to the office, and when a decision is adverse to the family of the deceased joint Patel, no successor will be appointed to him. In the event of the claims of the several families being nearly balanced, a Patel will be appointed in turn as vacancies occur from each family, but only one Patel at a time will be allowed.

7. In large villages where there may be a necessity for the services of more than one Patel, the village should be divided into parts, so that each Patel may have a distinct jurisdiction.

8. When gaud-umbli land attached to the office of a Patel cannot conveniently pass into the hands of the successor to the office, the land shall be assessed at the full rates, and be left in the possession of the family of the ex-Patel, the remuneration being adjusted with the new Patel by the deduction of the amount of the emoluments of the office from the amount of assessment annually payable by him to Government for his kandayam lands.

9. Claims to succession to or to the possession of hereditary village offices are not to be cognizable by any of the ordinary Civil Courts.

Offg. Secretary.

The proportion should be fixed according to the estimated *annual receipts* in round numbers of each taluk.

11. The allotment for tools and plant should not ordinarily be larger than one per cent of the expenditure. When it exceeds that proportion the cause should be distinctly explained.

12. Estimates for sanitary and miscellaneous works exceeding Rs. 1,000 shall contain a provision of 5 per cent for petty establishment and contingencies.

13. The power of sanctioning estimates will be exercised as follows :—

14. 15. The allotments entered in the Budget as passed by the Chief Commissioner will be the original snctioned allotments for the year. Re-appropriations will be dealt with as prescribed in the rules for Public Works.

16. Applications for new or re-appropriations will be made by the President to the Commissioner of the Division as occasion arises, care being taken that they are made in time to allow of their being utilized within the current year. Copies of all such applications must be laid before the District Committee at their next ensuing meeting.

17. At the first meeting of a District Committee during the official year, the President shall submit a list of works which were still incomplete at the end of the previous year, but which were omitted from the Budget in the expectation that they would be completed. The list shall shew how funds can be provided for them. Incomplete works may be proceeded with in anticipation of the sanction of appropriation, provided that the unexpended balance of the original appropriation is not exceeded. After the list is passed by the District Committee, it shall be forwarded to the Commissioner of the Division with a covering letter, copy of which shall be laid before the District Committee at the next ensuing meeting.

18. The selection of works will rest with the District Committee, and the President will be responsible that the necessary arrangements for execution are made in due time on receipt of the orders on the Budget estimates.

19. That Officer will transmit them without delay to the President, by whom they will be laid before the District Committee at its next meeting and then filed.

23. The Executive Engineer of the Division, in the absence of a Local Fund Engineer, will be the professional adviser of the District Committee of which he is a member, and it will be his duty to give such Committee the benefit of his professional opinion with regard to any work projected by it, as well as to suggest to it any works that he may himself consider desirable, and to afford it general assistance.

24. When the Executive Engineer has occasion to address the District Committee or to make any representation connected with Local Fund works, he will do so through the President of the District Committee.

25. The execution of Local Fund works of an ordinary character will, as a rule, be provided for by the President of the District Committee, where there is no Local Fund Engineer. In the latter event, the execution of important works may still, when necessary, be entrusted to the Executive Engineer of the Division.

26. The audit of all expenditure from Local Funds on Public Works shall be performed as heretofore by the Controller, Public Works Accounts, in accordance with the rules in force, which latter will be strictly applicable to this branch of the Local Funds accounts on all points on which special provision to the contrary is not made in these rules.

27. In all appropriations for the execution of works from Local Funds, the President of a District Committee should specify invariably, whether the same are to be carried out by the Local Funds Establishments or the Public Works Department, in order that all sanctions affecting the latter Department may be communicated to the Controller, Public Works Accounts.

32. The audit of the general accounts of Local Funds shall lay with the Deputy Accountant General.

33. The accounts of District Funds will be kept by the Treasury Officers under the orders now in force.

34. Every month, the Treasury Officer shall compile a statement for each taluk under the District Committee, shewing the payments made on the authority of the President from the Local Funds. This account shall be laid before the District Committee at its next meeting, and a copy of it forwarded to the Commissioner of the Division not later than the 18th of the month.

35. Similarly, a monthly general report of works shall be compiled in the Committee's Office from the progress reports sent to the President, and laid before the District Committee at its next meeting. Copy to be sent likewise to the Commissioner of the Division.

36. All accounts and statements prepared by the Treasury Officer must be laid before the President of the District Committee, who will attach his signature and will be responsible for their correctness. Should he be absent from head-quarters, they must be sent on previously, so that there may be no delay.

Every member shall be liable for any misapplication of the money entrusted to the Committee to which he shall have been a party, or which shall have happened through or have been facilitated by his neglect of his duty and he shall be liable to be sued for the same, as for money due to the Government.

42. No member of the District Committee or servant of the Committee shall be interested directly or indirectly in any contract made by the Committee.

43. Minutes of the Proceedings of the Committee at each meeting shall be drawn up and fairly entered in a book to be kept for that purpose, and shall be signed by the member who presided at such meeting. 45. In the selection of men for these offices, the present rules regarding qualifications will be strictly adhered to, and the Chief Engineer will be consulted before their nomination.

No. 256. *The 26th November* 1874.

The following Revised Rules for the sale of sandalwood by public auction have been approved by the Chief Commissioner, and are published for general information.

I. PROCEDURE.

1. Every auction sale shall be held by the Forest Officer in charge of the Range, or other Officer deputed by the Conservator.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up, and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot.

II. PAYMENTS—HOW TO BE MADE.

4. Immediately after the sale, each purchaser will be furnished with a memo shewing the total amount due by him ; and with a letter of advice to pay into the nearest Government Treasury 25 per cent of such amount as a deposit, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt, and enter on its face, the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to sell to other individuals, all or any portion of the sandalwood purchased by such defaulter, who shall bear any loss, but shall not participate in any profit that may arise.

5. The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale. Failing which the deposit money already paid in shall lapse to the Government, and shall not be counted as part payment. Moneys due may be paid into the Treasury of the Taluk in which the Koti is situated, or into the District Treasury, but into no other.

6. The Forest Officer shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each Koti must be completed within two months from the date of sale. When weighing, should any surplus be found, it shall be taken out ; and any deficiency occur, the Forest Officer will make up the full tale of wood, stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from dryage or other causes, shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government ; but all expenses necessary for the final removal of the wood from the Koti shall be borne by the purchaser.

219

7. No wood can be removed by any purchaser until it has been paid for in full, and until a "license to remove" shall have been obtained from the Forest Officer.

IV. KOTI RENT.

8. Wood weighed out, stamped and paid for under the preceding sections, may be removed at any time within 90 days from date of sale without payment of Koti rent. Such wood, if left in the Kotis more than 90 days from date of sale, shall be charged with Koti rent at the rate of (4) annas per kandi per mensem, from date of sale. Should the space occupied by such wood be required for the storing of new wood, the Forest Officer shall be at liberty, after giving the purchaser ten days' notice, to take the wood out of the Koti, and deposit it without the walls at the expense and risk of the purchaser.

V. LICENSES TO REMOVE.

9. No Wood can be removed from the Koti till a "license to remove sandalwood," signed by the Forest Officer in charge of the Range, shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 26 of the Mysore Forest Rules.

VI. GENERAL.

10. In conformity with standing Rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license, to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

GENERAL.

NOTIFICATION.

No. 18. *The 17th November* 1874.

The following Rules for the appointment of Patels in Coorg are published for general information :—

RULES FOR THE APPOINTMENT OF PATELS.

1. The Patels in Coorg are remunerated by land held on gaud-umbli tenure or by payments in money which vary according to the revenue of the village.

2. Such emoluments shall be considered as inalienable from the offices to which they are annexed, whether by mortgage, sale, gift, or otherwise, and they shall not be liable to attachment or other process in satisfaction of judicial decrees.

3. The Patelships shall, as a general rule, be considered hereditary, but in any case in which it may appear to the Superintendent that the hereditary claimant is from old age, incurable disease, incapacity, or bad character, unfit for the office, the Superintendent shall be competent to appoint in his stead one of his male relations, *viz.*, a son, an undivided brother or a grand-son, and in their absence cousins and more distant relations, provided they possess the requisite qualifications for the office. If there be no qualified male relative, any other land-holder residing in the village who may be best suited to the office by his position and qualifications may be nominated, for the period during which no qualified member of the hereditary family may be available. If no qualified member of the old family be forthcoming for twenty years, the Patelship will be finally confirmed to the family of the new Patel.

4. When the heir of a Patel is a minor, the Superintendent will select a qualified relative, or, if none be qualified, a Gumasta may be appointed to act as Patel until the minor attains his majority.

5. The Government may dismiss from employment a Patel found guilty of misconduct. In such a case his rights will not generally be confiscated to the State, but will be continued to his heirs unless the offence was a serious one, committed in the execution of his official duty. The Superintendent may select the successor of the dismissed Patel in the office and the rights attached thereto, and a divided brother or cousin of the dismissed Patel having no joint interest with him if in all respects fitted therefor will be eligible to succeed.

6. In many instances, particularly in North Coorg, there are two or three Patels in one village. The office being held by more than one man causes a division of responsibility which is often detrimental to the interests of Government, and though it is not desired that present incumbents should be interfered with, an investigation will be made on the death of a joint holder in view to deciding whether the family of the deceased or that of any of the surviving incumbents has a better title to the office, and when a decision is adverse to the family of the deceased joint Patel, no successor will be appointed to him. In the event of the claims of the several families being nearly balanced, a Patel will be appointed in turn as vacancies occur from each family, but only one Patel at a time will be allowed.

7. In large villages where there may be a necessity for the services of more than one Patel, the village should be divided into parts, so that each Patel may have a distinct jurisdiction.

8. When gaud-umbli land attached to the office of a Patel cannot conveniently pass into the hands of the successor to the office, the land shall be assessed at the full rates, and be left in the possession of the family of the ex-Patel, the remuneration being adjusted with the new Patel by the deduction of the amount of the emoluments of the office from the amount of assessment annually payable by him to Government for his kandayam lands.

9. Claims to succession to or to the possession of hereditary village offices are not to be cognizable by any of the ordinary Civil Courts.

Offg. Secretary.

SCHOOL OF ENGINEERING AND NATURAL SCIENCE.

No. 247. *The 20th November* 1874.

With the sanction of His Excellency the Governor General in Council conveyed in the despatch noted in the margin, a school for the education of natives for the Departments of (1) Public Works, (2) Revenue Survey and Settlement, and (3) Forests, will be established in connection with the Bangalore High School, on or about the 1st of April 1875, under the designation of the "School of Engineering and Natural Science." The school will consist of two departments termed Upper and Lower Divisions designed respectively to furnish employés for the Upper and Subordinate Establishments of the Departments referred to above.

No. 1940, P., dated 4th September 1874.

2. The selection of candidates for nomination to the Upper and Lower Divisions of the school respectively will be made annually in the month of March, under the orders of the Chief Commissioner, and will be restricted to youths of not less than 17 or more than 22 years of age, of good health and physique, (as certified by competent medical authority), of active habits and who are prepared to serve in any part of the Province of Mysore.

3. All candidates for the Upper Division of the school must previously to nomination have passed the University "First-in-Arts" Examination. Those for the Lower Division who are intended to fill grades corresponding with the present Upper Subordinate Establishment of the Public Works Department must similarly have passed the University "Matriculation" Examination. Candidates for employment in the grades corresponding with the present Lower Subordinate Establishment of the Department Public Works, will be subjected to an entrance examination in Arithmetic, Kanarese and English.

4. If the number of approved candidates for either division of the school is in excess of the number required, the Chief Commissioner may, at his discretion, direct that selection be governed by a competitive examination in Mathematics, English and Kanarese.

5. Nominations will be made in the first instance without reference to the special department of the public service to which the pupils will ultimately be appointed. The first half of the course prescribed for both divisions will be occupied with such subjects as are common to the requirements of all three departments of the service. At the conclusion of the first half of the course, the students will be allotted to the several departments of the service, selection being made as far as possible with reference to the aptitude and inclination of each student. Thenceforth the education of the students will be conducted with reference to the special requirements of the department of the service to which they are assigned.

6. An engagement will be taken from all candidates previously to final nomination, binding themselves with two securities in the sum of Rs. 2,000 for the Upper and Rs. 500 for the Lower Department, to serve the Mysore State, if required, in the Department to which they may be ultimately assigned, in any part of the Province to which they may be sent, for a term of not less than five years from the date of their final admission to the service.

7. The course of instruction in the Upper Division for pupils under training for the superior grades of the departments specified in the 1st para of this order will ordinarily occupy three years. The term may be abridged in the case of any student who is able to complete the course in a less period.

The fee for pupils while under instruction in this Division is fixed at Rs. 15 per mensem payable quarterly in advance, and they will provide their own books, instruments, &c.

The course of instruction for students in the Upper Division will embrace the following subjects :—

I. Mathematics.
II. Natural Philosophy.
III. Mensuration and Estimate making.
IV. Surveying and Levelling.
V. Constructive Engineering.
VI. Architectural and Topographical drawing.
VII. Natural Science, including botany and vegetable physiology, chemistry, geology and meteorology (for candidates for the Revenue Survey and Forest Departments.)

8. The course of instruction in the Lower Division will ordinarily occupy two years, but the term may be abridged as in the case of the Upper Form.

Students while under training in this Division will receive from Government a monthly allowance of Rs. 8—0—0 per mensem during the first year, and Rs. 12 per mensem during the second year of the course, provided that no student shall be advanced to the higher scale of pay, whose conduct and progress do not in the opinion of the Principal entitle him thereto. Students in the Lower Division will be required to find their own books and instruments.

9. The course for the Lower Division will embrace the following subjects :—

I. Mathematics.
II. Surveying and Levelling.
III. Engineering.
IV. Drawing and Estimating.
V. Account and Book-Keeping.
VI. Elements of botany and vegetable physiology, chemistry and geology (for candidates for the Revenue Survey and Forest Departments.)

The course for candidates for the Lower Subordinate Establishment will be less difficult in degree than that to which candidates for the Upper Subordinate Establishment will be subjected.

223

10. Quarterly examinations will be held to test the progress of the students in both Divisions, and any student who fails to satisfy the Examiner at such examinations, or who is considered unlikely to attain the required proficiency within the period prescribed for the course, will be reported, in view to his removal from the school, in which case he will forfeit his claim to an appointment under Government. Cases of marked misconduct on the part of any pupil will be similarly reported with the same object.

At the close of the course a final examination will be held designed to test the general proficiency of the students in each division of the school. Seniority in the several grades and departments will be determined by the result of this examination.

11. Those students who pass will join the departments to which they are assigned, in the order of their passing on probation for one year, at the end of which period, if they give satisfaction they will be confirmed and will thereafter be fully eligible for promotion. The appointments in the several departments of the Mysore service, for promotion to which in due course passed students will be eligible on the satisfactory completion of their term of probation, are as follows :—

SCHOOL OF ENGINEERING AND NATURAL SCIENCE.

The 20th November 18, .

No. 247.

With the sanction of His Excellency the Governor General in Council conveyed in the despatch noted in the margin, a school for the education of natives for the Departments of (1) Public Works, (2) Revenue Survey and Settlement, and (3) Forests, will be established in connection with the Bangalore High School, on or about the 1st of April 1875, under the designation of the "School of Engineering and Natural Science." The school will consist of two departments termed Upper and Lower Divisions designed respectively to furnish employés for the Upper and Subordinate Establishments of the Departments referred to above.

No. 1940, P., dated 4th September 1874.

2. The selection of candidates for nomination to the Upper and Lower Divisions of the school respectively will be made annually in the month of March, under the orders of the Chief Commissioner, and will be restricted to youths of not less than 17 or more than 22 years of age, of good health and physique, (as certified by competent medical authority), of active habits and who are prepared to serve in any part of the Province of Mysore.

3. All candidates for the Upper Division of the school must previously to nomination have passed the University "First-in-Arts" Examination. Those for the Lower Division who are intended to fill grades corresponding with the present Upper Subordinate Establishment of the Public Works Department must similarly have passed the University "Matriculation" Examination. Candidates for employment in the grades corresponding with the present Lower Subordinate Establishment of the Department Public Works, will be subjected to an entrance examination in Arithmetic, Kanarese and English.

4. If the number of approved candidates for either division of the school is in excess of the number required, the Chief Commissioner may, at his discretion, direct that selection be governed by a competitive examination in Mathematics, English and Kanarese.

5. Nominations will be made in the first instance without reference to the special department of the public service to which the pupils will ultimately be appointed. The first half of the course prescribed for both divisions will be occupied with such subjects as are common to the requirements of all three departments of the service. At the conclusion of the first half of the course, the students will be allotted to the several departments of the service, selection being made as far as possible with reference to the aptitude and inclination of each student. Thenceforth the education of the students will be conducted with reference to the special requirements of the department of the service to which they are assigned.

6. An engagement will be taken from all candidates previously to final nomination, binding themselves with two securities in the sum of Rs. 2,000 for the Upper and Rs. 500 for the Lower Department, to serve the Mysore State, if required, in the Department to which they may be ultimately assigned, in any part of the Province to which they may be sent, for a term of not less than five years from the date of their final admission to the service.

7. The course of instruction in the Upper Division for pupils under training for the superior grades of the departments specified in the 1st para of this order will ordinarily occupy three years. The term may be abridged in the case of any student who is able to complete the course in a less period.

The fee for pupils while under instruction in this Division is fixed at Rs. 15 per mensem payable quarterly in advance, and they will provide their own books, instruments, &c.

The course of instruction for students in the Upper Division will embrace the following subjects :—

I. Mathematics.
II. Natural Philosophy.
III. Mensuration and Estimate making.
IV. Surveying and Levelling.
V. Constructive Engineering.
VI. Architectural and Topographical drawing.
VII. Natural Science, including botany and vegetable physiology, chemistry, geology and meteorology (for candidates for the Revenue Survey and Forest Departments.)

8. The course of instruction in the Lower Division will ordinarily occupy two years, but the term may be abridged as in the case of the Upper Form.

Students while under training in this Division will receive from Government a monthly allowance of Rs. 8—0—0 per mensem during the first year, and Rs. 12 per mensem during the second year of the course, provided that no student shall be advanced to the higher scale of pay, whose conduct and progress do not in the opinion of the Principal entitle him thereto. Students in the Lower Division will be required to find their own books and instruments.

9. The course for the Lower Division will embrace the following subjects :—

I. Mathematics.
II. Surveying and Levelling.
III. Engineering.
IV. Drawing and Estimating.
V. Account and Book-Keeping.
VI. Elements of botany and vegetable physiology, chemistry and geology (for candidates for the Revenue Survey and Forest Departments.)

The course for candidates for the Lower Subordinate Establishment will be less difficult in degree than that to which candidates for the Upper Subordinate Establishment will be subjected.

10. Quarterly examinations will be held to test the progress of the students in both Divisions and any student who fails to satisfy the Examiner at such examinations, or who is considered unlikely to attain the required proficiency within the period prescribed for the course, will be reported, in view to his removal from the school, in which case he will forfeit his claim to an appointment under Government. Cases of marked misconduct on the part of any pupil will be similarly reported with the same object.

At the close of the course a final examination will be held designed to test the general proficiency of the students in each division of the school. Seniority in the several grades and departments will be determined by the result of this examination.

11. Those students who pass will join the departments to which they are assigned, in the order of their passing on probation for one year, at the end of which period, if they give satisfaction they will be confirmed and will thereafter be fully eligible for promotion. The appointments in the several departments of the Mysore service, for promotion to which in due course passed students will be eligible on the satisfactory completion of their term of probation, are as follows :—

II. Every officer who draws a bill will, as heretofore, be held personally responsible for the due disbursement of the amount. His office copy of the bill will be written in a book, a blank column being left on the right hand side, wherein he will note against each item as it is paid the word "Paid," with the date of payment and his initials, taking the payee's receipt in a separate piece of paper. He will also see that every receipt and other voucher is cancelled by being scored through across the face, and will submit the bill to his superior officer with the receipts for items exceeding 10 Rs. (retaining those not exceeding 10 Rs.) and with the original orders on which he may have incurred any special charges after signing the following certificate at foot of the bill.

Disbursing Officer's Certificate.

"I certify that the expenditure charged in this bill could not with due regard to the interests of the "public service be avoided. I have satisfied myself that the charges entered in this bill have been "really paid. Vouchers for all sums above Rs. 10 in amount are attached to the bill. I have, as far as "possible, obtained vouchers for smaller sums, and am personally responsible that they have been so "destroyed that they cannot be used again."

III. The disbursing officer will submit his bills as follows :—

1. Assistant Commissioners and Munsiffs, to the Deputy Commissioner.
2. Judicial Assistant Commissioners, to the Commissioner of the Division.
3. Superintendent or Assistant Superintendent of Police, to the Deputy Inspector General of Police.
4. Deputy and Assistant Conservators, to the Conservator of Forests.
5. Revenue Survey Officers, to the Superintendent, Revenue Survey.
6. Inam Assistant Superintendents, to the Superintendent of Inams.
7. And similarly in other Departments.

8. Amildars and subordinate disbursing officials in the Forest and other Departments will submit their contingent bills with *all the vouchers* of whatever amount. Amildars will submit their bills and vouchers to the District Treasury Officers, who will deal with them on behalf of the Deputy Commissioner.

IV. The officer to whom the contingent bill is submitted, after having it checked with reference to the payees' receipts for sums above 10 rupees and the authorities for special charges attached, will sign the following certificate on the bill, and return the bill *with all the vouchers for items exceeding* 100 *rupees in amount* to the disbursing officer for presentation at the treasury for payment or adjustment.

Countersigning Officer's Certificate.

"I certify that, in support of every charge of more than 10 rupees made in this bill, a receipt or "other voucher in proper form has been given to me and is now in my possession. The receipts and "vouchers for items in excess of Rs. 100 are attached to the bill, and I am personally responsible that "the receipts and vouchers for all other items of more than Rs. 10 are in proper form and order, and

"that they have been so cancelled that they cannot again be used to support claims against the "Government."

V. For contingent charges of such an amount as cannot be paid out of the permanent advance of an officer, he may obtain a special advance from the treasury on presenting a receipt specifying the purpose and countersigned by the Deputy Commissioner of the District or the Commissioner of the Division as the case may be, who will be careful to see that the amount asked for is not in excess of actual requirements. After payment the charges will be entered in the disbursing officer's monthly contingent bill, and when it is presented at the treasury, the Treasury Officer will deduct the advance made, by a red ink entry, from the total, pay any sum due, and send the bill with his list of payments to the Deputy Accountant General. If the bill is for the exact amount of the advance or less, the Treasury Officer should send it on to the Deputy Accountant General with a note thereon stating in what list of payments the advance was charged, and he will at the same time recover and recredit any sum due to the treasury on account of the advance.

VI. District Treasury Officers are requested to be good enough to give attention to the instructions contained in Circular No. 1031, dated 7th August 1873, regarding their responsibilities and duties in supervising the contingent charges of Taluk Amildars.

VII. The present forms of certificate should be continued in use until printed copies of the revised forms now prescribed are supplied by this office.

No. 3750, Resolution, Fort William, the 17th December 1873.

Read again—

Financial Resolution No. 842, dated 7th February 1873, prescribing revised forms of certificates to be attached to contingent bills.

Read also the undermentioned communications from the Governments of Bombay, and Bengal, suggesting, for reasons stated, an alteration in the form of disbursing officer's certificates:—

Bombay letter No. 3097-159,F, dated 21st August 1873.

Bengal " No. 2806, dated 18th September 1873.

RESOLUTION.—The disbursing officer referred to in the Resolution of the 7th February 1873, is the officer who draws a bill for contingent charges and is responsible for the due disbursement of the amount.

A disbursing officer may be left to deal with vouchers for items not exceeding ten rupees, attaching to his contingent bill a certificate in the following form in lieu of that prescribed in the orders of 7th February 1873.

"I certify that the expenditure charged in this bill could not, with due regard to the interests of the Public "service, be avoided. I have satisfied myself that the charges entered in this bill have been really paid. Vouch- "ers for all sums above Rs. 10 in amount are attached to the bill. I have, as far as possible, obtained vouchers "for smaller sums, and am personally responsible that they have been so destroyed that they cannot be used again.

When the bill of a disbursing officer is countersigned, vouchers for sums above Rs. 10 and not exceeding Rs. 100 shall be examined, cancelled, and retained in the office of the countersigning officer, as directed in the orders of 7th February 1873.

Accordingly, for the certificate prescribed for the countersigning officer in those orders, the following shall be substituted:—

"I certify that, in support of every charge of more than Rs. 10 made in this bill, a receipt or other voucher in "proper form has been given to me and is now in my possession. The receipts and vouchers for items in excess "of Rs 100 are attached to the bill, and I am personally responsible that the receipts and vouchers for all other "items of more than Rs. 10 are in proper form and order, and that they have been so cancelled that they cannot "again be used to support claims against the Government."

A District Officer need not personally give the certificate required from a disbursing officer. With the sanction of the Commissioner, or, in the Madras Presidency, of the Board of Revenue, he may delegate the duty to one of his gazetted subordinates.

A register of contingent expenditure should be kept in each office, and the initials of the Head of the office should be entered against the date of the payment of each item.

The Governor General in Council expects that every public officer will exercise the same vigilance in respect to petty contingent expenses that he would do if he were spending his own money.

ORDERED, that this Resolution be distributed for information and guidance as follows :—

To the several Departments of the Government of India.

To the several local Governments and Administrations.

To the Comptroller General, and to the several Accountants General, and Deputy Accountants General in independent charge.

To the several Chiefs of Departments administered to by the Government of India in the Financial Department.

Proposed Registration of all Carts drawn by a single bullock on payment of a fee of four annas, half-yearly.

8. Proposal by the President that all carts drawn by a single bullock and plying for hire within the Municipal limits be required to take out licenses half-yearly on payment of a registration fee of four annas, and their registered numbers caused to be affixed on each cart in the same manner as at present obtains with the jatka-carts.

8. In inam villages, wherein the inamdars' right to toddy has been recognized, they are likewise to make arrangements with the Government Contractor for the drawing and vending of toddy from trees situated in those villages, or themselves vend the toddy by obtaining a license from Government.

7. Proposed Bye-Law for regulating sales by standard weights and measures of all articles sold in the New Market.

Every owner or farmer of a stall in the Cantonment and Shule markets shall provide and keep in his stall standard sets of such weights and measures as are generally used in markets. A standard set of weights and measures are kept with the Market Serjeant for reference in case of dispute.

Resolution.—As it would appear that a proposition very similar to the present one was brought before a meeting of the Board held on the 11th September 1871, and when it was determined that the Chief Commissioner be addressed with a view to the Act for the regulation of weights and measures being extended to Bangalore, and to which communication no reply up to date has been received, it is now resolved that the Chief Commissioner be again addressed on the subject.

Proposed Bye-Law relating to Licenses of Tobacco Vendors.

8. Proposed Bye-Law relating to Licenses of Tobacco Vendors.

That licenses issued to tobacco vendors shall contain a clause rendering it prohibitory to vend or store tobacco in any other place than licensed premises, and all tobacco found in unlicensed premises to be considered contraband and treated accordingly.

Resolution.—Approved, and that a Bye-Law be framed and submitted to the Board at its next meeting for approval and eventual submission to the Chief Commissioner for sanction.

Market Prizes.

9. Read report of committee on the distribution of market prizes on the morning of the 24th December 1873.

Proceedings of a committee assembled in the New Market Square on the 1st of December 1873.

To J. H. Orr, Esq., M. D., C. B., President, Cantonment Municipal Commission, dated 3rd December 1873.

In obedience to yours of 18th September 1873, No. 1054, we have the honor to inform you that we met together at the New Market on the morning of the 1st instant, when we carefully examined the market books which have been kept up in a most satisfactory manner by Market Serjeant Wilby.

With regard to the market prizes.—

The highest number of marks obtained by the three best mutton butchers are—

Stall No.	79, Mahomed Usman	1480
„ „	78, Nannubhoy	1319
„ „	112, Balaji	947

The mutton although not so good as it might have been perhaps, nevertheless, has been better than that of previous years. This is the 3rd year that stalls Nos. 79, and 78 have kept their places as first and second in the number of marks, while the second and third have increased by 193 and 295 respectively. We would however respectfully suggest the necessity of further improvement being impressed upon the mutton butchers.

The highest number of marks obtained by the three best beef butchers are:—

Stall No.	158, Ummar Saib	243½
„ „	167, Abdul Razak	207
„ „	157, Shék Davud	187

Although these numbers are actually less than those of the two previous years, we have however reluctantly given the full number of prizes in the hope of improvement. We would however recommend that the suggestion given by the Committee of 1871, in theirs of the 29th November of that year, page 45, Proceedings 71 and 72 "that no prize be given, unless a certain minimum of marks be attained" be taken into serious consideration.

With regard to sea fish we have given no prize, as only one man gets it up, and it has been at times very inferior; as an encouragement to the vendors of fresh water fish we have increased the value of the 1st and 2nd prizes and also given a third.

The poultry prizes will be determined on the 24th instant.

Cattle Show Rules.

1. All animals to be exhibited shall be on the ground by sun-rise on the first day of the Show.

2. No animal which has already taken the first or any other prize shall again compete for, or take a lower prize in the same or any other class.

3. Cattle, &c., exhibited by any Department of Government are not eligible for prizes.

4. The working cattle may be subjected to a practical trial to test their powers of draught, and each pair must be the *bonâ fide* property of the exhibitor. It will not be permitted to two owners of separate bullocks to bring them up as one pair for competition.

The following rules are prescribed to regulate admission to the Show, and facilitate the placing of the animals according to age, &c.

I. Ticket men will be waiting outside the Show ground, to whom exhibitors will apply on arrival for passes into the Show for themselves, their cattle and those in attendance on the cattle. The exhibitor will state the age of the animal or animals to be exhibited and their value. The ticketmen will distribute printed tickets accordingly, and furnish the exhibitor and those in attendance with requisite passes. The tickets will be numbered with reference to the ticket-man's list. On the production of these tickets and passes, the cattle, the exhibitors and attendants will be admitted to the Show.

The ticket-men have nothing to do with deciding to which class the cattle belong. They simply act on the age given by the exhibitor.

II. For each class of prizes there will be a separate line of cattle. Should the line extend beyond the Show-ground in consequence of the number of animals in that class, a second line will be allotted and kept wholly for the same class. The first line will be for full grown bulls; the second for five year old bulls; the third for four year old, and so on to the yearlings. Next to which will come the cows, then the heifers, &c., up to the working bullocks which will be placed separate as convenient, and ample space be left between each line for moving cattle along the line.

III. A central road will be marked out right across the Show, and one or more roads parallel to this central road. Open spaces will be left on the central road where the cattle may be collected, when the Committee require it in adjudicating the prizes.

IV. On entering the Show the cattle will be taken by the central road, or the roads on either side of it to the line for the class marked on the ticket, and whilst the animals remain at the Show: care must be taken when they are moved, to move them always by the prescribed roads.

V. For fixing the age of cattle there will be two Committees, one for cows and bullocks, and one for bulls, each Committee examining three or as many lines as may be determined with reference to the number of animals. Should the Committee find in any case, that the age or value has been wrongly given, the animal will be sent out of the Show, and kept in a place fixed for the purpose till all other cows, bullocks or bulls, as the case may be, have been examined. The two Committees will then decide the age or value of the animal sent out of the Show, and place them accordingly. Before the two Committees commence to settle the age or value of the disputed animals, the Amildar or such Officer as may be deputed for the purpose, will appoint one of the Presidents to be President of the combined Committees and have the casting vote.

VI. As the cattle are aged and valued and placed, lists will be prepared shewing the animals in each class, the numbered tickets will be taken back, and fresh tickets given in duplicate; one to be tied on the forehead of the animal, the other kept by the exhibitor or person in charge. On these tickets the name of the exhibitor will be entered.

VII. As soon as the cattle have been finally placed by the Committees appointed to age them, fodder will be supplied. It is requested that strong ropes may be brought with the cattle to secure them properly whilst they remain at the Show, and should the means provided for this purpose be deemed insufficient, it will involve the exclusion of the animal at the discretion of the President.

VIII. No persons, save those connected with the management of the Show, will be allowed without a pass to enter the Show-ground or remain there when the cattle are being arranged or prizes adjudged.

IX. The age of the cattle shall be fixed as follows :—

Resolution.—Although the Regulations undoubtedly authorize the annual rate due on houses to be levied from and after the end of the first quarter of the year, the Board taking into consideration that the present practice of collecting these rates half-yearly in arrears has worked well, and that any changes now introduced may tend to misconception and be misunderstood by the public at large, resolve that the practice of collections now in force be continued.

Memorandum from the Assessor and Collector of Municipal Taxes, relating to the collections of assessment on all houses, buildings and land within the Municipal limits.

5. Read memorandum from the Assessor and Collector of Municipal Taxes, relating to the collections of assessment on all houses, buildings and land within the Municipal limits.

Resolution.—Although the Regulations undoubtedly authorize the annual rate due on houses to be levied from and after the end of the first quarter of the year, the Board taking into consideration that the present practice of collecting these rates half-yearly in arrears has worked well, and that any changes now introduced may tend to misconception and be misunderstood by the public at large, resolve that the practice of collections now in force be continued.

Money.

6. The estimate for the ensuing month's expenditure is Rs. 12,000.
